President Pelosi stated that the prime responsibility of each member of the Board is to serve the interests of all members of the community and expressed the hope that the people of San Francisco will have a feeling of participation in their government and will help their elected representatives to make the City a better place to live and work.

Presentation of Mayor Joseph L. Alioto

The President introduced Mayor Joseph L. Alioto.

Mayor Alioto congratulated President Pelosi. He said that he hoped to continue his good relationship with the Board of Supervisors. The Mayor called attention to the fact that he has used his power of veto very sparingly and that when there has been an opportunity for public debate he will continue to respect the opinion of a majority of the members of the Board of Supervisors, even though he might have voted against the particular matter had he had a vote on the Board.

Mayor Alioto said he was glad that a Black and a Spanish-surnamed individual can be elected at large in San Francisco. He expressed the hope that San Francisco will soon have a representative of the Chinese community as a member also. Then, he said, San Francisco will demonstrate that people of all races can live together. It is time to stop thinking about races and move on to the next step. Mayor Alioto said he believes San Francisco is almost at that stage.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted

Requesting justification for award of contract by the Housing Authority to other than the low bidder.

Supervisor Barbagelata requested that a communication be directed to the Housing Authority, asking why a recent contract for construction of a housing project was awarded to a contractor whose bid was roughly \$500,000 higher than the third lowest bid.

No objection; ***Clerk directed to comply.***

Referred to Committee

Requesting enactment of legislation barring representatives of the City and County from bidding on any City contract.

Supervisor Barbagelata requested that the appropriate committee consider the possibility of initiating legislation regulating what might not be legally a conflict of interest but may be morally a conflict and ask the City Attorney to prepare appropriate legislation.

Supervisor Barbagelata expressed the desire for concise legislation stating that any elected official or any person appointed to a Board or Commission, be it City or State, shall be barred as a representative of the City or County, from bid-

ding on any City contract.

Referred to State and National Affairs Committee.

Request Granted

Proposing that hours for the conduct of business be staggered as a means of alleviating commute-hour traffic congestion.

Supervisor Barbagelata requested that communications be directed to the Chamber of Commerce and Downtown Association requesting that they poll major downtown business firms on the possibility of staggering the hours for doing business as a means of alleviating commute-hour traffic congestion and possibly reducing a good portion of the operating deficit of the Municipal Railway.

Supervisor Barbagelata also requested that communications on the same subject be directed to the Municipal Railway, the Golden Gate Bridge, Highway, and Transportation District, and the Division of Bay Toll Crossings, requesting their comments on how this proposal might affect their operations.

Requesting a study of means of preventing persons from committing suicide from the Golden Gate Bridge.

Supervisor Barbagelata referred to recent newspaper editorials referring to the Golden Gate Bridge as a "suicide span." He requested that a communication be directed to the members of the Golden Gate Bridge, Highway, and Transportation District, requesting that they, and particularly San Francisco's representatives on the District Board, act to devise some means to prevent would-be suicides from using the bridge for that purpose.

No objection; ***Clerk directed to comply.***

Requesting information relative to decision of the Police Commission that Southeast and Park Police Stations shall be closed.

Supervisor Feinstein, joined by Supervisors Francois, Kopp, and Molinari requested that a communication be directed to the Police Commission asking what their rules are with respect to giving the public notice of meetings and what the Commission's rationale is for the closing of Southeast and Park Police Stations.

Supervisor Francois suggested that the communication con-

Request Granted

Requesting immediate response to inquiry relative to legality of moratorium on enforcement of prohibition against peddling.

Supervisor Kopp referred to his request at last Monday's Board meeting for verification by the City Attorney of newspaper reports that the Mayor had declared a moratorium on enforcement of existing prohibitions against peddling without a license.

Supervisor Kopp stated that he now has received verification and wishes the City Attorney to be requested to respond forthwith because he feels such an action sets a dangerous precedent insofar as the operation of government is concerned and that steps should be taken immediately to ensure enforcement of the law.

Supervisor Kopp said that subsequently he hoped the Board would move in the appropriate committee to formulate legislation which would transfer the permit and licensing power to a department of the City and County Government other than the Police Department.

No objection; *Clerk directed to comply.*

Requesting follow-up of request for City Attorney's opinion as to the authority of the Port Commission to institute a law suit against the Bay Conservation and Development Commission.

Supervisor Kopp referred to a communication in File No. 442-71 dated December 22, 1971, addressed to the City Attorney, in which the Planning and Development Committee of the Board asked among other things, under what authority the Port Commission had instituted a lawsuit against the Bay Conservation and Development Commission, why the services of the City Attorney were not employed, and whether or not the Board of Supervisors should not have been consulted prior to prosecution of this action.

Supervisor Kopp requested that a status report and a response to the above question be requested of the City Attorney.

Invitation

Supervisor Mendelsohn announced that Board members are invited by the Central City Anti-Poverty Agency to attend the dedication of a mini-park at Langton and Howard Streets.

Referred to Committee

Supervisor Mendelsohn presented

File 97-72, Resolution No.

Requesting San Francisco's representatives in Washington to sponsor legislation designed to prevent another disastrous oil spill in or near San Francisco Bay.

He stated that in this year only one piece of preventive legislation has been enacted: the requirement for ship bridge-to-bridge radio-telephone communication.

Supervisor Mendelsohn joined by Supervisors Boas, Feinstein, and Kopp, requested that communications over their signatures be directed to Congressmen Mailliard and Burton and to Senators Cranston and Tunney, reminding them that San Francisco has not forgotten and urging that they act effectively and immediately to have enacted legislation that will lessen the possibility of such a disaster occurring again.

Supervisor Pelosi requested that a communication be directed to the Director of Property, with a copy to the Police Department and the Police Activities League, inquiring as to the present use of City-owned property on Greenwich Street in the Marina formerly used as a juvenile facility, whether or not the Department considers it needed at this time for its present purposes and any present or long-range plans for use of that building.

Before the result of the foregoing roll call was announced by the Chair, Supervisor Barbagelata changed his vote from "no" to "aye" for the purpose of moving reconsideration.

The Chair thereupon announced that the foregoing measure was passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Molinari—1.

Supervisor Barbagelata, seconded by Supervisor Kopp, moved to reconsider the vote whereby said measure was passed for second reading. Pursuant to the Board's Rules of Order, the vote on the motion to reconsider shall not be taken before the meeting of the Board next following that at which the motion is made.

At the request of Supervisor Barbagelata, the Clerk read Public Utilities Resolution 10,435 and Park Commission Resolution 1919, dated February 15, 1950 (copy of each of which are on file in the office of the Director of Property), by which the Public Utilities Commission conferred and the Park Commission accepted the right to use and improve for recreation and park purposes practically all the lake area, golf course, and land fronting on the lake from Sunset Boulevard to the County Line. Said use was not to jeopardize the quality or use of the water for Water Department purposes, and the Public Utilities Commission retained the right to sell or trade any portion of the property.

Supervisor Barbagelata argued that this publicly-owned land is meant to be used for recreation and park purposes and should not be leased for purposes of access to privately-owned land. He said he felt the matter should be referred to committee until the issue is resolved.

There being no objection, at the recommendation of Deputy

City Attorney Stark, consideration was temporarily postponed for the presence of a representative of the Water Department.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Referred to Committee with Pending Motion to Amend

Ordinance appropriating \$4,875,000, Water Department, for balancing reservoir and pumping plant.

File 201-71-40, Ordinance No.

Arthur H. Frye, Jr., General Manager and Chief Engineer of the Water Department explained the need that moneys be set aside for contingencies which might arise during construction.

Supervisor Feinstein stated that she opposed the appropriation of funds for contingencies which might not arise until the far distant future when bond funds could be made available for that purpose.

No Action Taken

Motion to Amend

Supervisor Mendelsohn, seconded by Supervisor von Berol-

dingen moved amendment as follows: Reduce appropriation from the Water Operating Fund from \$1,875,000 to \$1,375,000; increase appropriation from 1961 Water System Bond Fund from \$3,000,000 to \$3,500,000.

In response to questions, Controller Cooper said that if the Board is of a mind to change the source of funds in this ordinance it would be his advice that the Board reject the entire appropriation. He gave as his reasons the fact that he has not certified that funds are available in the bond fund for this purpose and that such an action by the Board of Supervisors might put a cloud upon the appropriation which would have to be settled legally before he could permit any expenditures therefrom. Mr. Cooper added that in the absence of action by the Public Utilities Commission he could not certify that bond funds are available for this entire project.

Adopted

Motion to Refer to Committee and Direct Communication to Public Utilities Commission.

Supervisor Feinstein, seconded by Supervisor von Beroldingen, moved that matter be referred to Finance Committee and that a communication be directed to the Public Utilities Commission requesting that permission be given to the Controller to examine the 1961 Water System Bond Fund to determine if it is possible to certify that these contingency allocations can be met within those bond funds.

No objection; *motion adopted.*

Subsequently, in response to further questions, Controller Cooper elucidated further by explaining that there is no requirement that he have permission from the Public Utilities Commission to examine their accounts. What he does need is a request by the Public Utilities Commission for an appropriation of funds under the Commission's jurisdiction. Deputy City Attorney James Stark added that supplemental appropriation requests are initiated by the departments. The Board of Supervisors has the power to decrease the amount requested or to reject the request in its entirety. He said that he is dubious about the Board's power to change the source of funds from which the appropriation is requested.

Referred to Finance Committee with pending motion to amend.

Motion to reconsider withdrawn

Finally Passed

The following recommendation of Planning and Development Committee, heretofore considered and temporarily postponed, was taken up:

Ordinance adopting Zoning Map amendment changing use classification of western portion of the San Francisco Golf Club property in the vicinity of Brotherhood Way and Lake Merced Boulevard from R-1-D to R-1 District.

File 36-71-10, Ordinance No. 28-72.

Adopted

Motion that motion to reconsider be withdrawn

Supervisor Barbagelata, seconded by Supervisor Feinstein, moved that the motion to reconsider be withdrawn.

***Motion adopted* by the following vote:**

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen Beroldingen—11.

The Chair announced that the question now before the Board was on final passage of subject legislation.

Arthur H. Frye, Jr., General Manager of the Water Department, advised that this matter has not been officially presented to the Recreation and Park Commission; his office has been waiting to find out whether the developer wishes to negotiate a lease for access or an easement, the value of which will be established by the Director of Property.

Supervisor Barbagelata presented a communication from the San Francisco Bay Chapter of the Sierra Club, advising that the Chapter has not endorsed subject project.

Refused Adoption

Motion to Refer to Committee

Supervisor Barbagelata, seconded by Supervisor Molinari, moved that subject legislation be referred to committee for a determination of the amount of money San Francisco can expect to realize for the granting of access to this property and for an investigation into the possibility of San Francisco's receiving a Federal grant for the full cost of purchasing subject property.

Supervisor Feinstein, seconded by Supervisor Boas, moved that the Rules of the Board be suspended and that the privilege

of the floor be granted to a representative of the developer.

No objection; ***motion adopted.***

William Crowell advised that he had contacted the United States Department of Housing and Urban Development about the possibility of the Department's making funds available for the acquisition of subject property for use as open space. He said that he had been advised that this area did not qualify for such funds, primarily because HUD is concerned with making such funds available for use in low-income areas.

Mr. Dunne, a member of the San Francisco Golf Club outlined the history of the present permit the Club holds for access across Water Department property.

Motion to refer to committee refused adoption by the following vote:

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Explanation of Vote

Supervisor Francois presented:
File 136-72.

Referred to Legislative and Personnel Committee.

No Action Taken

Statement questioning the wisdom of legal action attacking the validity of recent written examination for H2 Fireman.

Supervisor Francois, joined by Supervisor Kopp, made a statement in which he questioned the wisdom of the action brought by Mr. Sidney Wolinsky's Public Advocates, Inc., attacking the validity of the recent written examination conducted by the Civil Service Commission for Class H2 Fireman and seeking an injunction against the certification of eligibles from the list created as a result of that examination.

Supervisor Francois said that, in view of the fact that fifty-six Blacks passed the written and physical agility portions of that examination, he felt the Black community would be better served without the zeal of persons like Mr. Wolinsky, who had proceeded with his suit over the objections of those who had worked diligently for years to integrate the Fire Department.

Statement criticizing the Board of Education for failing to elect Dr. David Sanchez as President of the Board of Education.

Supervisor Gonzales made a statement in which he criticized the Board of Education for refusing to elect Dr. David Sanchez to the office of President of the Board.

Supervisor Gonzales said that for over twenty years it has been customary for the Vice-President of the Board to rotate to the office of President. He accused the members of playing political games and of lacking sensitivity to the needs of the community, charging that refusal to elect Dr. Sanchez as President was the result of Dr. Sanchez' refusing to vote in favor of the appointment of Milton Reiterman as Deputy Superintendent of Schools because of the irregular procedure followed in making that appointment.

Referred to Committee

Charter amendment, amending Section 5.102 to provide that the Superintendent of Schools shall serve at the pleasure of the Board of Education and shall receive a salary which shall be fixed by the Board of Education and approved by the Board of Supervisors.

File 138-72.

Request Granted

Expressing concern at length of term of contract with Deputy Superintendent of Schools Milton Reiterman.

Supervisor Kopp stated that he is not concerned with the action of the Board of Education in appointing Dr. Milton Reiterman as Deputy Superintendent of Schools but that he is concerned that the Board, by resolution, agreed to a four-year contract.

Supervisor Kopp stated that he feels such a contract is rife with the same dangers as those now frozen into the Charter. He requested that the Clerk direct a communication to the Board of Education, expressing his concern about the length of the term of the contract being entered into with Dr. Reiterman.

No objection; ***Clerk directed to comply.***

Requesting status report on supplemental food program.

Supervisor Kopp stated that he has received a number of communications from citizens who grieve that the supplemental food program is still not operable in San Francisco.

Supervisor Kopp, joined by Supervisor Gonzales, requested that a communication be directed to the President, United Health Alliance, which has been designated as the organ to operate the supplemental food program in San Francisco, for a status report on the program and advice as to why food has not been dispensed for some period of time. Supervisor Kopp requested that a response be solicited prior to next Monday's Board meeting.

Supervisor Kopp requested that a communication be directed to the Mayor, asking if he has appointed committees to celebrate the 200th anniversaries of the settlement of San Francisco and the signing of the Declaration of Independence, as requested in Board Resolution 862-69.

Referred to Legislative and Personnel Committee.

Request Granted

Requesting information relative to enforcement of laws prohibiting double parking.

Supervisor Molinari said that he has been disturbed and has received a number of communications from others who are disturbed by the massive traffic problem caused by what appears to be a lack of adequate enforcement of laws prohibiting double parking.

Supervisor Molinari requested that a communication be directed to the Chief of Police asking (1) if California Vehicle Code Section 22500(h) is being strictly enforced by his department; if so, what the program for enforcement is; if not, why not; (2) if, in his opinion, additional local laws should be enacted to provide for further compliance with the Vehicle Code; and (3) if he feels enforcement is being hampered by a lack of personnel.

No objection; *Clerk directed to comply.*

Passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Consideration Continued

The following recommendations of Planning and Development Committee were taken up:

(Supervisor von Beroldingen abstaining from voting in Committee.)

Resolution supporting designation of San Francisco as a Project Rehab city and requesting Mayor to submit a proposal under the Project Rehab provisions of the Federal Housing Administrative for the rehabilitation of structures for the rehousing of single individuals and families, giving first priority to certain hotels in the Approved Yerba Buena Redevelopment Project area and the Central City area.

File 78-72, Resolution No.

Supervisor Molinari stated that he was shocked to find that the file contains no information as to how the United States Department of Housing and Urban Development views subject proposal: whether such funds are available for San Francisco; whether the hotels listed in the legislation would qualify for such funding; the cost to the City of administering such a program.

Supervisor Molinari presented a copy of a communication from James H. Price, Area Director, United States Department of Housing and Urban Development, responding to an inquiry of Supervisor Molinari and advising that on the basis of the department's current knowledge of existing hotels in the Yerba Buena Redevelopment Project area, the department would question their applicability for inclusion in a Project Rehab application.

Motion to Refer to Committee

Supervisor Molinari, seconded by Supervisor von Beroldingen, moved referral to a joint Finance and Planning and Development Committee for further consideration.

Adopted

Motion to Continue Consideration

Supervisor Gonzales, seconded by Supervisor Feinstein, moved, as a substitute for the pending motion, that consideration be continued to February 28, 1972, to permit opponents and proponents to furnish additional information.

Subsequently, at the request of Supervisor Feinstein, Supervisor Gonzales agreed to include in his motion a request that the Chief Administrative Officer call together representatives of the Redevelopment Agency and Tenants and Owners in Opposition to Redevelopment in an attempt to determine whether this resolution, if passed, might form the nucleus for

a solution to the relocation problems of Yerba Buena Approved Redevelopment Project.

Refused Adoption

Motion to Table

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved that matter be tabled.

Motion refused adoption by the following vote:

Ayes: Supervisors Francois, Molinari, Tamaras—3.

Noes: Supervisors Barbagelata, Boas, Feinstein, Gonzales, Kopp, Mendelsohn, Pelosi, von Beroldingen—8.

Supervisors Tamaras and Francois spoke in opposition to subject proposal, expressing the view that the Yerba Buena Project would be seriously endangered by such action: the loss of potential tax revenue from the proper development of these sites would endanger the financial feasibility and the proximity of sixty-year-old hotels to the complex would make the project much less attractive to potential developers. Supervisor Tamaras pointed out there are in existence in the area better housing than these old hotels would afford even when rehabilitated.

Supervisor Barbagelata, later confirmed by John H. Anderson, Mayor's Assistant Deputy for Development, pointed out that the smallest number of units for which Project Rehab funds have been made available is 1,000 units. The result of subject proposal would appear to be delay only, since in this action the number of units being discussed is something like three hundred.

Supervisor von Beroldingen pointed out that rehabilitation of structures under Project Rehab would have to be city-wide and she said she felt the city would not wish to delegate authority for administration of such a program to any private group. She expressed the same concerns relative to economic feasibility as those recorded above.

In response to a request by Supervisor Tamaras, Arthur Evans, representing the Redevelopment Agency, advised the Board that the Agency is opposed to retention of the four hotels in question. He said these hotels are substandard and may or may not be acceptable for rehabilitation; in any event, sufficient housing exists in the area without these rooms.

Mr. Evans pointed out that by the proposed action the Board would be setting a serious precedent in approving retention of structures not legally permitted by the redevelopment plan at the present time.

Motion to continue to April 28, 1972, adopted by the following vote:

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Pelosi, von Beroldingen—8.

Noes: Supervisors Barbagelata, Molinari, Tamaras—3.

Passed for Second Reading

Ordinance designating the Leale House as a landmark.

File 90-72-1, Ordinance No.

Passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Adopted

The following recommendation of Finance Committee was taken up:

Resolution determining and declaring that public interest and necessity require the submission of a bond issue in the sum of \$6,050,000 for improvement of lighting facilities in public streets and parkways.

File 97-72, Resolution No. 100-72

Supervisor Malinari requested that the Clerk notify all persons involved that the Board wishes matters submitted in ample time to receive full consideration. The Clerk informed Supervisor Molinari that such instructions had been disseminated to all departments in November, 1971.

In response to an inquiry by Supervisor Pelosi, Controller Cooper advised the Board that on the assumption that interest payments would be five percent for a fifteen-year period, interest would cost the City \$2,420,000.

Supervisor Pelosi stated that in his view the use of bond issues for financing should be resorted to for capital improvements which can only be financed in that way. In this case, Supervisor Pelosi said he believed the City should have an ongoing annual appropriation for street lighting; for this reason, he said he would vote against submission, not because the program is unimportant but because in his view it is an improper method of financing.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Tamaras, von Beroldingen—10.

Noes: Supervisor Pelosi—1.

Referred to Committee as Amended

There being no objection, on motion of Supervisor Feinstein, the following recommendation of Planning and Development Committee, appearing on the Calendar under Unfinished Business, was taken up out of order:

(Supervisor von Beroldingen abstaining from voting in Committee.)

Resolution supporting designation of San Francisco as a Project Rehab city and requesting Mayor to submit a proposal under the Project Rehab provisions of the Federal Housing Administration for the rehabilitation of structures for the rehousing of single individuals and families, "giving first priority to certain hotels in the Approved Yerba Buena Redevelopment Project area and the Central City area."

File No. 78-72, Resolution No.

(February 22, 1972—Consideration continued to February 28, 1972.)

Motion to Refer (See infra.)

Supervisor Feinstein, seconded by Supervisor Kopp, moved referral to Finance Committee.

After discussion and on the suggestion of Supervisor Boas, Supervisor Feinstein amended her motion by moving referral to a Joint Finance and Planning and Development Committee. Motion as amended seconded by Supervisor Kopp.

The Clerk read a communication from the Mayor, urging that the hotels in the redevelopment project not be included in the resolution.

In response to a question by Supervisor Tamaras, Robert L. Rumsey, Executive Director of the Redevelopment Agency, stated that the Agency remains opposed to the idea of permanent rehabilitation of the four hotels named in the resolution.

Chief Administrative Officer Mellon stated that he had met, as requested by the Board, with the Executive Director of the Redevelopment Agency, representatives of the Mayor, Mr. Wolinsky and representatives of Tenants and Owners in Opposition to Redevelopment and the Neighborhood Legal Assistance Foundation. Mr. Mellon said that he had asked if Tenants and Owners in Opposition to Redevelopment would be agreeable to dismissing the law suits now pending and refrain from filing any new law suits if this resolution were adopted. The answer, Mr. Mellon stated, was "No. We would consider this merely a step in the right direction, inasmuch as it would provide some 300 additional units of housing." Mr. Mellon stated that with that response, he could not recommend that the City and County accept the proposal of Neighborhood Legal Assistance Foundation and Tenants and Owners in Opposition to Redevelopment.

At the request of Supervisor Francois, the Clerk read a telephone message from the Federal Legislative Representative, advising, among other things, that he has been informed that no more Project Rehab applications will be accepted this fiscal year.

Supervisor Feinstein urged that the hotels in question not be deleted from the resolution. She said that proponents are just asking that the door be left open for additional negotiations.

Motion to refer to committee refused adoption by the following vote:

He asked that the Redevelopment Agency, Mayor, and United States Department of Housing and Urban Development be asked to be prepared at that time to give the committee a report on the question raised again by the Mayor over the weekend: How many units can be identified to meet the court order requiring permanent replacement housing for persons displaced from the Yerba Buena Approved Redevelopment Project area?

He noted that the Charter does not require the Recreation and Park Commission to call for bids for this kind of privilege. He said that while it may well be that the S. E. Onorato, Inc., bid would have been the best submitted, that is not known at this time.

In response to Supervisor Kopp's question, the Clerk advised that the Board has only the power to approve or disapprove subject lease; however, in disapproving, the Board could indicate that if the term is shortened to one year, it would approve the lease.

Consideration Continued

The following from Legislative and Personnel Committee with recommendation "Do pass after amendment," heretofore considered, was taken up:

(Supervisor Francois dissenting in Committee.)

Salary Standardization Ordinance, Charter Sections 8.400 and 8.401 effective July 1, 1972, for miscellaneous employees.

File No. 270-72-1, Ordinance No.

(February 14, 1972 — Consideration continued to March 6, 1972.)

Motion to Amend

Supervisor Kopp presented the report of the majority of the Legislative and Personnel Committee. (See file for text.)

Supervisor Kopp, as a recommendation of the Legislative and Personnel Committee majority, and as a substitute for the amendments proposed by the Board of Supervisors on February 14, 1972, the schedule of compensations submitted by the Civil Service Commission on January 31, 1972, and revised by the Commission on February 23, 1972, moved that the compensations set forth in the Legislative and Personnel Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-72-1, the Salary Standardization Ordinance of 1972, pursuant to Charter Sections 8.400 and 8.401; and that the amendments to the administrative provisions of said Ordinance, recommended by the Legislative and Personnel Committee and more specifically set forth in Supervisor Kopp's statement concerning the Ordinance, be approved, adopted, and included in said Ordinance. Motion seconded by Supervisor Molinari.

Supervisor Francois presented his report of the minority of the Legislative and Personnel Committee. (See file for text.)

Supervisor Francois, seconded by Supervisor Gonzales, moved as an amendment of the Committee majority's pending motion to amend, that the Board approve the recommendations of his minority report as follows:

(1) Adopt the compensation schedules recommended by the Civil Service Commission in its Salary and Wage Survey report dated January 31, 1972, which represent a 2½% increase over current compensations.

(2) Adopt the exceptions to the 2½% increase recommended by the Commission, whereby classes included in the 1970 Salary Standardization Ordinance by a formula relationship to craft classes will be re-established under the formula relationship; Classes 7272, 7343, 7237 and 7434 will be transferred from Sec. 8.401 (miscellaneous) to 8.403 (crafts); and that the symbol NP (salaries to be adjusted proportionately with Municipal Railway operating personnel in August, 1972) be continued for classes in the promotive transit series of the Code 9100 group and S114 Claims Investigator as now indicated in the 1971 Salary Standardization Ordinance.

(3) Adopt the revised recommendations of the Commission as set forth in its letter of February 23, 1972, including establishment of new classifications at the Commission's revised schedules; for 7338 Lineman, 7325 General Utility Mechanic, 7316 District Water Serviceman, and other designated classes; abolition of obsolete classifications; changes in designation of symbols; and re-establishment of former internal relationships omitted in the Commission's January 31, 1972, report, at rates revised by the Commission.

(4) Adopt the administrative provisions of the Salary Standardization Ordinance, as recommended by the Commission in its letters of January 31, 1972 and February 23, 1972, with the following exceptions:

(a) Sec. VII (B), par. 6: Add a sentence, viz., "In the event that any such approval be duly accorded, a written report thereof shall be filed with the Board of Supervisors within one week."

(b) Sec. VII (G), par. 1: Eliminate first paragraph providing for continuation of higher salary upon relinquishment of appointive position and re-assignment to former permanent civil service position.

After making his minority statement to the Board, Supervisor Francois amended his motion as recorded above in paragraph (4) (b) to retain the first paragraph of Sec. VII(G), re-worded to read as follows:

"VII(G) "When an employee who has served for not less than four years under regular civil service or exempt permanent appointment has been involuntarily released from such position for reasons other than disciplinary action, and has returned to a lower civil service classification **prior to July 1, 1972**, he shall continue to receive the rate of pay equivalent to the rate of pay received in the higher classification provided that his salary thereafter shall not be increased as long as such salary is beyond the maximum of the schedule for the class to which he was returned provided further that the special rate of pay herein provided shall be discontinued if the employee waives an offer to a promotive appointment, or refuses an exempt appointment to a higher classification to a position which would not require a

change of residence, and provided further that the special rate of pay herein provided shall be discontinued if the employee fails to file and compete in any promotional examination for which he is otherwise qualified, and which has a compensation schedule higher than the protected salary of the employee."

In response to a request by Supervisor Francois, City Attorney Thomas M. O'Connor advised that the courts have held that the language of the Charter governing salary standardization for miscellaneous employees means "within the realm of reasonableness." The Board of Supervisors must examine the recommendations of the Civil Service Commission to see if they are within—what is in the Board's discretion—the range of reasonableness.

In response to a question by Supervisor Mendelsohn, Bernard Orsi, General Manager, Personnel, stated that his staff stands behind the raw data as submitted. He called attention to the fact that the Civil Service Commission was faced by a letter from Mayor Alioto, stressing the need for curtailment of expenses. The crucial question to be answered was whether or not 8,000 miscellaneous employees of the City and County were to receive no increases in salary at a time when the State is inaugurating a program of income tax withholding and when the cost of health insurance is to be increased.

Supervisor Francois' motion to amend refused adoption by the following vote:

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn—5.

Noes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen—5.

Absent: Supervisor Pelosi—1.

Discussion ensued at the instigation of Supervisor Barbagelata as to whether or not the cost of \$250,653 as provided by the staff of the Civil Service Commission in a communication to the Board dated February 29, 1972, included the total cost of providing a 2½% salary increase for all classifications for which no data is shown and for classes related thereto.

Upon being informed that it does not include related classes, Supervisor Barbagelata expressed the hope the Board would request the staff of the Civil Service Commission to inform the Board of the total cost by next Monday.

The roll was thereupon called on Supervisor Kopp's pending motion to amend and it was recorded by the Clerk as follows:

Ayes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen.

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn.

Absent: Supervisor Pelosi

Before the result of the roll call was announced by the Chair, Supervisor Feinstein changed her vote from "no" to "aye" for the purpose of moving reconsideration.

Accordingly, following the change of vote by Supervisor Feinstein, the roll call on the question of amending the legislation in conformity with the recommendation of the majority report of Legislative and Personnel Committee was as follows:

Ayes: Supervisors Barbagelata, Feinstein, Kopp, Molinari, Tamaras, von Beroldingen—6.

Noes: Supervisors Boas, Francois, Gonzales, Mendelsohn—4.

Absent: Supervisor Pelosi—1.

Motion to Reconsider

Supervisor Feinstein, seconded by Supervisor Francois, moved reconsideration.

Supervisor Feinstein requested that a communication be directed to Mayor Alioto, advising him of the Board's action and requesting him to waive his right to ten days in which to sign or veto the subject legislation. No objection; Clerk directed to comply.

Pursuant to Rules of the Board, vote on the motion to reconsider was continued to March 13, 1972. (See *infra* for further action.)

Adopted

The Board thereupon resumed consideration of the following recommendation of Finance Committee heretofore considered and temporarily postponed:

Resolution approving immediate filling of vacated position of Undersheriff.

File No. 31-72-1, Resolution No. 125-72.

Sheriff Hongisto advised that during the previous year the former Undersheriff had been absent a total of 111 days on sick leave. The results of his absence dramatically pointed up the need for immediate replacement as soon as possible. He called attention to the fact that the Charter specifies that the Sheriff shall appoint an Undersheriff.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Tamaras, von Beroldingen—10.

Absent: Supervisor Pelosi—1.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Temporarily Postponed

There being no objection, on motion of Supervisor Feinstein, the following, heretofore considered under Unfinished Business, was taken up again:

Salary Standardization Ordinance, Charter Sections 8.400 and 8.401 effective July 1, 1972, for miscellaneous employees.

File No. 270-72-1, Ordinance No.

Motion to Continue

Supervisor Feinstein announced that due to some parliamentary confusion her previous motion to reconsider had been improper.

Supervisor Feinstein thereupon moved that consideration be continued to March 13, 1972. Motion seconded by Supervisor Gonzales.

In response to an inquiry by Supervisor Kopp, the Clerk explained that the question voted on at the second roll call was whether the ordinance should be amended pursuant to the motion of Supervisor Kopp. That motion was refused adoption by a 5-to-5 vote; following Supervisor Feinstein's change of vote from "no" to "aye," even though the announced purpose of the change was to preface a motion to reconsider, the official vote on Supervisor Kopp's motion to amend became 6 "ayes" and 4 "noes;" then there followed the ineffective motion to reconsider the vote at next week's Board meeting; however, such a motion may not be applied to a subsidiary motion to amend, but only to a main motion; therefore, Supervisor Kopp's motion to amend the ordinance pursuant to the Committee majority's recommendation had carried, and the question now before the Board was on passage of the ordinance for second reading, as amended in accordance with the Committee majority's recommendation.

Call of the Board

Supervisor Francois moved, seconded by Supervisor Mendelsohn, a call of the Board. There being no objection, the Chair directed the Sergeant-at-Arms to send for Supervisor Boas.

In response to a question by Supervisor Kopp, the Clerk explained that no action may be taken with respect to the matter in connection with which the call of the Board was made until the absent member is present. He added that if and when additional amendments of the ordinance are proposed, they may be approved by a majority of the members present but that passage for second reading requires an affirmative vote of a majority of all members of the Board.

In response to a question by Supervisor Francois, the Clerk advised that in the event no further action is taken on subject matter today, the alternative would be to acknowledge that the Board had failed to take action on a calendar item, thus leaving

the matter on the Calendar for consideration at the next following Board meeting.

Supervisor Francois thereupon withdrew his demand for a call of the Board.

Pending motion of Supervisor Feinstein, to continue consideration to March 13, 1972, was *refused adoption* by the following vote:

Ayes: Supervisors Feinstein, Francois, Gonzales, Mendelsohn—4.

Noes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen—5.

Absent: Supervisors Boas, Pelosi—2.

Renewal of Motion to Amend

Supervisor Kopp thereupon moved as follows, seconded by Supervisor Molinari:

I move that the measure now pending before the Board, designated as File No. 270-72-1, the Salary Standardization Ordinance for 1972, pursuant to the Charter Sections 8.400 and 8.401, as amended, be passed for second reading.

Renewal of Call of the Board

Supervisor Francois, seconded by Supervisor Mendelsohn, thereupon renewed his motion for a call of the Board. There being no objection, the motion was declared adopted, and the Chair directed the Sergeant-at-Arms to send for Supervisor Boas.

While awaiting Supervisor Boas' presence, the Board resumed Roll Call for introduction of matters not heretofore reported on by committee.

Request Granted

Requesting City Attorney's opinion as to taxing power of Golden Gate Bridge, Highway and Transportation District.

Supervisor Kopp requested that the Clerk direct a communication to the City Attorney, asking his opinion as to what power the Golden Gate Bridge, Highway and Transportation District has to tax residents and real property owners of the counties which comprise the District.

No objection; *Clerk directed to comply.*

Application of Golden Gate Bridge, Highway, and Transportation District for Federal funds for purchase of ferryboats.

Supervisor Kopp pointed out that the Golden Gate Bridge, Highway, and Transportation District had applied to the Federal Government for almost two million dollars for the purpose of

adding six ferryboats to the District's fleet. The District later submitted an amended application for only three ferryboats at almost the same cost. Supervisor Kopp stated he felt the District should hold new hearings on the question of whether the amended application should be made.

Supervisor Tamaras advised Supervisor Kopp that the District plans to hold public hearings on the subject.

Referred to Committee

Request that the Rules Committee formulate for Board consideration a policy rule that the Board of Supervisors will not approve any long-term leases which have not been the subject of competitive bid procedures.

Supervisor Kopp presented:

File No. 204-72.

Referred to Rules Committee.

Request Granted

Requesting preparation of legislation regulating bicycles.

Supervisor Molinari presented a copy of Ordinance No. 442 of the City of Davis, creating bicycle lanes and regulating bicycles and vehicles with respect thereto. He requested that the Clerk be directed to forward said ordinance to the City Attorney with a request that he advise whether the provisions thereof might be incorporated in the San Francisco municipal code.

Supervisor Molinari stated that there are some punitive measures in said ordinance which he would not want included, that his main concern is safety.

No objection; *Clerk directed to comply.*

Adopted

Recommending continuance of eligibility for Aid to Families with Dependent Children for children aged 18 through 20 years who are regularly attending school.

Supervisor Tamaras presented on behalf of Supervisor Pelosi:

File No. 186-72, Resolution No. 113-72.

Supervisor Tamaras, seconded by Supervisor Francois, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Pelosi—2.

Request Granted**Complaining of poor service by Municipal Railway.**

Supervisor Tamaras presented a communication from Theodore Thrush, 1005 Market Street, Suite 412, dated March 7, 1972, in which Mr. Thrush complained of failure of drivers to stop and pick up passengers on McAllister Street at the corner of Jones Street on March 7.

Supervisor Tamaras requested that the communication be forwarded to the General Manager, Municipal Railway with the request for an explanation.

No objection; *Clerk directed to comply.*

Absent: Supervisors Boas, Pelosi—2.

Motion that the Board adjourn its meeting this day out of respect to the memory of deceased as follows:

Chris Solon (Supervisor Tamaras)

File No. 2-72.

Unanimously adopted by a rising vote.

RECESS

At the hour of 7:45 p.m., the Board recessed to await the arrival of Supervisor Boas.

RECONVENING OF BOARD

At the hour of 8:10 p.m., the Board reconvened.

Consideration Continued

The Board resumed consideration of the following heretofore considered and temporarily postponed:

Salary Standardization Ordinance, Charter Sections 3.400 and 8.401 effective July 1, 1972, for miscellaneous employees.

File No. 270-72-1, Ordinance No.

In response to a question by Supervisor Kopp, Deputy City Attorney Stark stated his opinion that any member of the Board has the right to change his or her vote before the presiding officer announces the result of the roll call. Even if the reason for the change of vote is erroneous, the change is still effective.

Mr. Stark went on that the Board now has before it the main motion as amended by the majority report of Legislative and Personnel Committee. He said that if the vote on the main motion should be tied at a five-to-five vote and the Board does not thereupon move to rescind that vote, the Board would lose jurisdiction, the defeated measure would be transmitted to the Mayor, and the Board could reconsider the legislation only at the request of the Mayor.

Motion to Pass for Second Reading as Amended

Supervisor Kopp, seconded by Supervisor Molinari, repeated his motion that the measure now pending before the Board, designated as File No. 270-72-1, the Salary Standardization Ordinance for 1972, pursuant to Charter Sections 8.400 and 8.401, as amended, be passed for second reading.

Refused passage for second reading by the following vote:

Ayes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen—5.

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn—5.

Absent: Supervisor Pelosi—1.

Motion to Reconsider

Supervisor Mendelsohn, having voted on the prevailing side, seconded by Supervisor Francois, thereupon moved reconsideration.

Pursuant to Rules of the Board, vote on the motion to reconsider was continued to March 13, 1972.

UNFINISHED BUSINESS

Finally Passed

The following recommendations of Finance Committee, heretofore considered, were taken up:

Ordinance amending Salary Standardization Ordinance, 1971-72, for trades and crafts, by amending rates of pay and health and welfare payments for Meat Cutter.

File No. 180-71-4, Ordinance No. 59-72.

Finally passed by the following vote:

Absent: Supervisor Boas—1.

Ordinance appropriating \$4,875,000, Water Department, for balancing reservoir and pumping plant.

File No. 201-71-40, Ordinance No. 60-72.

Supervisor Francois moved that the Rules of the Board be suspended and that the privilege of the floor be granted Ted Walker. On the objection of Supervisor Molinari, privilege was denied.

In response to a question by Supervisor Feinstein, Supervisor Mendelsohn advised that an environmental impact study estimated to cost \$30,000 is proposed to determine how recreational facilities can be developed in the area of Crystal Springs Reservoir. He added that the Water Department feels such a study should not be a prerequisite, but that the construction of the reservoir should proceed.

In response to a question by Supervisor Feinstein, Arthur H. Frye, General Manager and Chief Engineer, Water Department stated that his department has already prepared a supplemental appropriation request in the amount of \$30,000 for a study to review plans and assess the environmental impact of the reservoir on the Crystal Springs lake area. Supervisor Feinstein stated that on the basis of this assurance, she would vote for subject proposal.

Supervisor Boas stated that he is inclined to believe that the site chosen for the balancing reservoir is inappropriate and will be an unsightly addition to the landscape; therefore, he will vote against subject proposal.

Finally passed by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Boas—1.

File No. 91-72-1, Ordinance No. 65-72.

Finally passed by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Refused Adoption

The following from joint Finance and Streets and Transportation Committee without recommendation, heretofore considered, was taken up:

Resolution favoring the planting of broadleaf evergreens on Upper Market Street.

File No. 137-72-1, Resolution No.

(March 6, 1972—Consideration continued to March 13, 1972.)

Supervisors Pelosi and Francois announced that they would change their previously stated position on this question, since they believe that the same kind of trees should be planted the full length of Market Street.

Refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, von Beroldingen—4.

Noes: Supervisors Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras—7.

Taken Up Out of Order

Passed for Second Reading as Amended

There being no objection, on motion of Supervisor Gonzales, the following recommendation of Finance Committee, appearing on the Calendar under New Business was taken up out of order:

Ordinance amending Section 602 of Part III of the Municipal Code to provide that effective July 1, 1972, the rate of tax for occupancy of parking space in parking stations shall be decreased from 25 per cent to 10 per cent.

File No. 428-71, Ordinance No.

At the request of the Chair, the Clerk presented a telegram from the Parkside District Improvement Club opposing subject proposal.

Supervisor Mendelsohn moved that the Rules of the Board be suspended and that the privilege of the floor be granted to Norman Rolfe, representing San Francisco Tomorrow, and to Mr. Scott McGilvray for a total of five minutes to each side.

On the objection of Supervisors Feinstein and Kopp, the privilege was denied.

Supervisor Kopp stated that his objection is based on the fact that he views with alarm the practice of the Board of Supervisors sitting as a Committee of the Whole after a matter has been before a committee of the Board.

Motion to Refer to Committee

Supervisor Feinstein, seconded by Supervisor Barbagelata, moved referral to Finance Committee.

Supervisor Feinstein stated that she had made her motion because: New members of Finance Committee have not had an opportunity to hear the matter; all data in the file dates from 1971; there are no reports from the Controller as to the long-range effect of the proposed action; the City faces a serious financial situation; this action is not timely when the Board has no knowledge of the ensuing budget or revenue; matter should be considered as part of a general tax reform program.

Supervisor Barbagelata stated that he had opposed imposition of this tax originally; however, if the tax is lowered at this stage without real evidence that it is necessary, the City will be losing \$3.6 million which will have to be replaced by the home owner. Supervisor Barbagelata said that if it can be proved that garage

operators and downtown business is being hurt by the parking tax, he will vote for a reduction but the Board does not have such evidence today.

Supervisor Kopp pointed out that the Board's budget analyst has not been able to determine that the parking industry and downtown business have been hurt by this tax.

Supervisor Molinari stated that he would want to be sure the reduction would be passed on to the patrons of the garages; unless this is done, he would be prepared to introduce measures to require such action.

Supervisor Mendelsohn advised that the Finance Committee had indicated to the parking lot operators that the Committee will introduce legislation to restore the tax to its present level if the saving is not passed on to their patrons.

Motion to refer to Committee refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Kopp, von Beroldingen—5.

Noes: Supervisors Boas, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras—6.

Motion to Continue Consideration

Supervisor Feinstein, seconded by Supervisor Kopp, moved that consideration be continued to June 5, 1972.

Supervisor von Beroldingen stated that she would favor the motion for the purpose of permitting the Finance Committee to investigate fully any possible factors which could point to the cause of the decline in business in the downtown area and to permit further exploration of a responsible tax reform measure that would guarantee that the City and County will have substitute revenue available if the parking tax is reduced.

Motion to continue refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Kopp, von Beroldingen—5.

Noes: Supervisors Boas, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras—6.

Motion to Amend

Supervisor Mendelsohn, seconded by Supervisor Francois, moved that legislation be amended as follows: ADD a new Section 602A reading, "Charges Subject to Tax. The term rent, as defined in Section 601(g), shall be deemed to include the total charges required to be paid by an occupant (including but not limited to any valet or service labor charge) in connection with the use or occupancy of parking space; provided that nothing herein shall require the payment of parking tax on the sale of

petroleum products, automobile parts, or the like, or the rendering of services (including car wash services) totally unconnected with the use or occupancy of parking space. The Board of Supervisors hereby declares its intent that from its initial enactment, the parking tax was intended to include and exclude the charges set forth in this Section 602A. The Board of Supervisors further declares that the addition of this Section 602A is not intended to make any substantive change in the Parking Tax Ordinance, but is enacted for clarification purposes only."

Motion to amend adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Supervisor Francois stated that the Board should have considered enactment of new tax measures before voting to reduce the revenue from this source. He said he feels that the Board should have an opportunity to consider next year's budget before taking this action. Supervisor Francois added that he feels the Board—if it votes to reduce this revenue—should pledge itself to work assiduously toward finding other sources of revenue, recognizing that new tax measures are difficult to come by. If this is not done, Supervisor Francois said, real estate taxes will be so high the voters will protest vehemently.

Supervisor Francois said he will vote for the reduction in the parking tax, mindful of the fact that he believes it is a mistake to do it.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Boas, Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—8.

Noes: Supervisors Barbagelata, Feinstein, Kopp—3.

Taken Up Out of Order

Adopted as Amended

There being no objection, on motion of Supervisor Kopp, the following recommendation of Fire, Safety and Police Committee, appearing on the Calendar under New Business, was taken up out of order:

Resolution requesting his Honor, the Mayor, to prevail upon Police Commission to review decision to close the Park and Southeast Police Stations.

File No. 166-72-1, Resolution No.

Motion to Amend

Supervisor Kopp, seconded by Supervisor Feinstein, moved amendment as follows: Page 2, after "to the end that they shall defer" ADD "at least until after the voters have acted in the June,

1972, primary election on the declaration of policy respecting the closing of subject stations"; DELETE "for a suitable period of time."

Supervisor Francois called attention to the fact that the declaration of policy referred to has not been forwarded to the Registrar of Voters.

Supervisor Feinstein explained that the reason she had asked that the policy declaration not be forwarded to the Registrar of Voters immediately because it would be a useless act if the stations were to be closed prior to the election.

Motion to amend adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Adopted as amended by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

The following recommendations of Legislative and Personnel Committee, heretofore considered, were taken up:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Consideration Continued

Charter amendment amending Sections 3.670 and 3.680 to provide that the President of the Board of Supervisors may appoint members of said Board to serve as a member of the Retirement Board, and as a member of the Health Service Board, respectively.

File No. 140-72.

(March 6, 1972—Consideration continued to March 13, 1972.)

Supervisor Feinstein stated that she feels very strongly that the President of the Board should serve as a member of the Retirement Board, particularly since the President does not act as a member of either the State Legislation Committee or the Legislative and Personnel Committee.

Motion to Continue

Supervisor Francois, seconded by Supervisor Barbagelata, moved that consideration be continued to March 27, 1972.

Supervisor Francois requested that in the meantime, the Clerk contact the past four Presidents of the Board of Supervisors and ask their views on subject measure.

Supervisor Pelosi asked that the record reflect that the present President of the Board is one of the few Supervisors on the Board now who happens to be employed. He said that while history is an interesting tool, the concern in this case is for the future. He asked that the Clerk report the number of Boards and Committees on which members serve today in comparison with the number served on in past years. Supervisor Pelosi said he feels it is better and more flexible to allow Supervisors to serve in accordance with the time available to them.

Motion to continue adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Kopp, Molinari, Tamaras, von Beroldingen—7.

Noes: Supervisors Boas, Gonzales, Mendelsohn, Pelosi—4.

Mrs. Linda Rames (member at large), one year; and
David Simon (member at large), one year.)

(March 6, 1972—Consideration continued to March 13, 1972.)

In response to an inquiry by Supervisor Kopp, Supervisor Mendelsohn presented a communication from the City Attorney dated March 9, 1972, confirming advice that Dr. Siegel is not precluded by law from serving on the Animal Welfare Commission by reason of his membership on the Grand Jury and that Dr. Siegel understands he should not participate in any activities or vote as a Grand Juror on any matters relating to the Animal Welfare Commission.

Statement

Advising of intention to subject proposed legislation designed to bring about tax reform.

Supervisor von Beroldingen stated that Board action this day reducing the off-street parking tax had made her and Supervisor Feinstein feel that it is imperative to offer as soon as possible a program of legislation designed to bring about tax reform.

UNFINISHED BUSINESS

Amendment Proposed

Consideration Continued

The following recommendations of Finance Committee, heretofore considered, were taken up:

Ordinance amending Part III of the Municipal Code to provide that effective July 1, 1972, the rate of tax for occupancy of parking space in parking stations shall be decreased from 25 per cent to 10 per cent and to clarify charges subject to tax.

File No. 428-71, Ordinance No.

(Amends Section 602 and adds Section 602A.)

Motion to Amend

Supervisor Kopp, seconded by Supervisor Barbagelata, moved amendment as follows: Section 602, after "there is hereby imposed a tax" delete "of ten percent (10%) for the rent of every occupancy of parking space in a parking station in the City and County,"; add "on the rent of every occupancy of parking space in a parking station in the City and County, as follows:

"For all or any part of the first three hours of daily parking, such tax shall not be imposed; beginning with the fourth hour, there shall be a tax imposed of 10 cents for all or any part of the hour; 25 cents for all or any part of the fifth hour; 50 cents for all or any part of the sixth hour; and \$1 for the seventh hour and thereafter within a 24-hour period; and \$1 for one month's continuous storage if vehicle is not driven on the street."

Supervisor von Beroldingen stated that the Committee had considered several such proposals and found they had merit, but that, as a practical matter, would be impossible to administer.

Motion to Refer to Committee

Supervisor Feinstein, seconded by Supervisor Barbagelata, moved that matter be rereferred to Finance Committee for further consideration of Supervisor Kopp's proposed amendment and advice from the Tax Collector as to anticipated costs of administering such a graduated scale of taxation. Supervisor Feinstein added that there is some possibility that language may be worked out which would provide that the reduction in tax shall be passed on to the consumer.

Supervisor Mendelsohn stated that in his opinion the only new matter is the possibility of requiring that the reduction in tax shall be passed on to the consumer. He said he feels this should be done if it is legally possible; therefore, he would be willing to continue consideration to explore the possibility.

Supervisor Mendelsohn called for the previous question.

Despite the fact that the Rules of the Board require that the previous question shall only be admitted when called for by three Supervisors, the Chair directed that the roll be called on the question of whether the previous question should now be put.

The roll was called and it was as follows:

Ayes: Supervisors Mendelsohn—1.

Noes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—10.

After further discussion the roll was called on the motion to refer to Committee.

Motion refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Kopp—3.

File No. 91-72-4, Resolution No. 171-72.

Motion to Continue

Supervisor Kopp, seconded by Supervisor Barbagelata, moved that consideration be continued to April 10, 1972.

Supervisor Feinstein said that if the matter is continued she would like to have a statement in writing from the Chief Administrative Officer, corroborating the fact that the required \$2.7 million for replacement of a sewer line will not be funded from the General Fund and how the \$1.8 million difference between anticipated revenues from the project and the amount required for servicing the bond issue will be raised.

Motion to continue refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Kopp—4.

Noes: Supervisors Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—7.

John Dykstra, Project Director, Yerba Buena Center; Robert Sullivan, General Manager, San Francisco Convention and Visitors Bureau; and Terry Comerford, representing Blythe & Co., Inc., answered questions of Board members with respect to plans and financing of the subject project.

In response to questions by Supervisor Feinstein, Chief Administrative Officer Thomas J. Mellon advised that every possibility is being explored for financing relocation of the sewer line in a manner which will not require reliance on the General Fund. He called attention to the fact that this will be interim financing, that funds will come eventually from the bond issue.

With respect to the anticipated difference between revenue from the Center and the amount required for debt service, Mr. Mellon advised that for the first few years at least, some funding will be required from the General Fund; however, he pointed out, the estimate of revenue is very conservative, and the relatively small contribution from the General Fund required for the first few years will generate a much expanded revenue source from the additional private development expected to result.

In response to a question by Supervisor Kopp, the Controller stated that in his opinion an audit could not be accomplished. The developers had furnished cost statements many times greater than the \$516,098 proposed to be paid; these figures did not relate solely to the private facilities, so it became a question of judgment as to the allocation of cost between the public and private facilities and what the master plan was worth to the City.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Noes: Supervisor Kopp—1.

Resolution requesting the Chief Administrative Officer and the San Francisco Redevelopment Agency to include in financing plan for Yerba Buena public facilities \$1 million to be used in conjunction with City's Rent Assistance Program.

UNFINISHED BUSINESS

Finally Passed

The following recommendations of Finance Committee, heretofore considered, were taken up:

Ordinance amending Part III of the Municipal Code to provide that effective July 1, 1972, the rate of tax for occupancy of parking space in parking stations shall be decreased from 25 per cent to 10 per cent and to clarify charges subject to tax.

File No. 428-71, Ordinance No. 74-72.

(Amends Section 602 and adds Section 602A.)

(March 20, 1972—Motion by Supervisor Kopp, seconded by Supervisor Barbagelata, that ordinance be amended as follows: Section 602, delete first paragraph reading "Subject to the provisions of this Article, there is hereby imposed a tax of ten per cent (10%) for the rent of every occupancy of the parking space in the City and County." Add as first and second paragraphs:

"Subject to the provision of this Article, there is hereby imposed a tax on the rent of every occupancy of parking space in a parking station in the City and County, as follows:

"For all or any part of the first three hours of daily parking, such tax shall not be imposed; beginning with the fourth hour, there shall be a tax imposed of 10 cents for all or any part of the hour; 25 cents for all or any part of the fifth hour; 50 cents for all or any part of the sixth hour; and \$1 for the seventh hour and thereafter within a 24-hour period; and \$1 for one month's continuous storage if vehicle is not driven on the street."

(Before the motion to amend was acted upon, Supervisor Tamaras, seconded by Supervisor Mendelsohn, moved that consideration be continued to March 27, 1972. Motion adopted unanimously.)

Supervisor Mendelsohn stated that he has been informed that the City Attorney has not been able to devise an amendment which would legally require that the saving resulting from the reduction in tax be passed on to the patrons but that, if the savings are not passed on to the patrons, he will introduce legislation bringing the tax back up to the present 25 percent level.

Supervisor Barbagelata said he would vote to reduce the parking tax despite his feeling that it is a mistake, since it appears that the garage owners are in financial difficulty.

Supervisor Francois requested that a communication be directed to the Parking Authority and the Tax Collector, asking that the Board be advised if there is any indication that the patrons are not receiving the benefit of this action. No objection; Clerk directed to comply.

Supervisor Feinstein requested that the Journal reflect the fact that her objections are based on the following: (1) The timing by which this matter is brought before the Board does not enable

members to know the source of revenue for next year to replace this loss; (2) The matter was never at any time heard by the present Finance Committee; (3) No new figures have been submitted by any of the garage operators to indicate that their net income has been reduced; (4) Figures for calendar year 1972 are inadequate.

Supervisor Kopp stated that he adopts the statement of Supervisor Feinstein.

Pending motion to amend refused adoption by the following vote:

Ayes: Supervisor Kopp—1.

Noes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

File No. 140-72.

(March 13, 1972 — Consideration continued to March 27, 1972.)

Supervisor Feinstein rose to oppose subject proposal. She asked that the Journal reflect the text of her communication on the subject to the Clerk dated March 17, 1972, which is as follows:

“This is to indicate my opposition to a proposed Charter Amendment which would permit the President to appoint a member of the Board of Supervisors to serve in his stead as an ex-officio member of the Retirement Board.

“I regret that I cannot support such a change, however well intentioned, because of my basic belief that the Charter is now correct in requiring the President’s service on this Board.

“As President of the Board of Supervisors in 1970-71, the following relevant reflections which prompt the above conclusions are related as follows:

- “1) The President, by virtue of the fact that he holds no active Board Committee assignments, possesses an objectivity which can be effectively brought to bear from the viewpoint of the public interest.
- “2) The President is occasionally a tie-breaking vote in the case hearing process. The Board is composed of three representatives of management and three from City employee ranks plus the President. The stature of the President is in keeping with the importance of these case decisions.

- "3) The Retirement Board is extremely important to all City employees and to the public. The case hearings require preparation and the weekly hearings demand a full afternoon on the same date as five members are working in the Finance Committee. The Board administers and decides policy related to investments totalling more than \$500 million.
- "4) The President should continue to serve on this Board to equalize the over-all work load the Board of Supervisors. If he does not, an additional weekly committee assignment will be handed a member, of members who already serve on three or four Board Committees and a myriad of extra-governmental bodies."

In response to a question by Supervisor Kopp, the Clerk advised that a communication had been received from the Assessor, favoring maintenance of present Charter provisions but amended to provide for an alternate to each, both of whom shall be appointed by the President of the Board.

Supervisor Pelosi urged that subject proposal be ordered submitted. He stated that at the present time he, as President of the Board, serves as a member of at least eleven separate bodies.

Supervisor Kopp requested that the Journal reflect the fact that the Controller has stated that his estimate of cost could escalate any amount and that comparable health care in future years could cost eighty dollars per month.

He said that the Board will have the privilege of writing the legislation, in which could be stated specifically what the cost to the District shall be.

Supervisor Kopp asked that the Journal of Proceedings reflect the fact that he will vote to place subject proposal on the ballot

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, April 10, 1972 — 2:00 P.M.

In meeting of the Board of Supervisors, San Francisco, Monday April 10, 1972, 2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen —11.

Quorum present.

President Ronald Pelosi presiding.

APPROVAL OF JOURNAL

There being no errors, corrections, or omissions, the Journal of Proceedings for the meeting of Tuesday, February 22, 1972, was considered read and approved.

SPECIAL ORDER — 2:00 P.M.

Presentation by Transit Task Force of report on the status of the Embarcadero Transit Station design and construction.

File 137-72-2.

Jack M. Barron, Project Manager, Transit Task Force, reviewed the history of the addition of this station to the Bay Area Rapid Transit District System.

Merrill Cohen, Assistant Project Manager, presented and commented on slides showing the design of the station.

In response to a question by Supervisor Feinstein, Mr. Barron stated that some revision has been made to the plan for a rail cross-over in front of the station but one of the difficulties with

the station is that a disabled car could tie up the system. He added that representatives of the Municipal Railway have stated that if sufficient funds are available in the future, a spur track could be constructed, which would make it possible for disabled cars to be removed from the main track.

Supervisor Feinstein requested that the Journal of Proceedings reflect her concern that the cross-over mechanism should be such that Municipal Railway delays in service during peak travel hours be prevented and that, in the event this requires additional spur track or room for storage of vehicles, money be solicited from the Bay Area Rapid Transit system.

Supervisor Feinstein requested that she be advised of any changes made in this direction. Mr. Barron stated that the Transit Task Force is currently under a mandate by the Board of Supervisors to submit a status report to the Board every two months.

COMMUNICATIONS

Consideration Continued

The Clerk presented a communication from the General Manager of Public Utilities, dated and received April 7, 1972, transmitting the following:

Resolution disapproving various Municipal Railway service discontinuances approved by resolution of the Public Utilities Commission adopted March 14, 1972.

File 243-72.

In response to questions by Supervisor Kopp, William F. Bourne, Public Utilities Counsel, stated that in his opinion subject matter was properly before the Board of Supervisors as the result of a preliminary injunction issued in Superior Court Action No. 643691, in which the court directed that the question of adjustment of service first be submitted to the Board of Supervisors for appropriate public hearing and action. He added that this case will go to trial on Wednesday, April 12, 1972.

Motion to Set Date for Hearing

Supervisor Mendelsohn, seconded by Supervisor Feinstein, moved that the Board set Monday, April 17, 1972, as a special order at 2:00 p.m. for public hearing of subject matter by the Board sitting as a Committee of the Whole.

Supervisor Kopp stated that in his opinion the Board has not been presented with any recommendation from the Public Utilities Commission. He raised as a point of order the question of whether this motion for public hearing is at all proper and suggested it was not, since the communication of April 7, 1972, from

the General Manager of Public Utilities does not meet the test of Charter Section 3.595.

Mr. Bourne stated that it is his belief that the injunction by the court is sufficient.

Amendment of Pending Motion to Set Date for Hearing

Supervisor Feinstein, seconded by Supervisor Molinari, moved as an amendment of the pending motion, that the Board set the date of Monday, April 24, 1972, as a special order at 2:00 p.m., for public hearing by the Board sitting as a Committee of the Whole of subject legislation.

After further discussion, Supervisor Feinstein withdrew her motion to set for hearing on April 24, 1972.

Motion to Continue Consideration

Supervisor Feinstein, seconded by Supervisor Gonzales, there-upon moved that consideration be continued to Monday, April 17, 1972, in order that the Clerk of the Board might communicate to the Public Utilities Commission the fact that in the Board's view the Commission has not made a recommendation for Board action on subject modification of service.

Supervisor Mendelsohn announced that in his opinion the subject matter is before the Board of Supervisors by order of the Superior Court; therefore he would oppose the motion.

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Molinari, von Beroldingen—7.

No objection; *motion adopted.*

Mr. Stanley Herzstein, 1170 Sacramento Street, stated that

he is the owner of 1019 Market Street. He urged action today to defeat subject proposal because he said he believed private enterprise should be encouraged to develop Market Street.

Motion to continue consideration refused adoption by the following vote:

Ayes: Supervisors Francois, Gonzales, Mendelsohn, Pelosi, Tamaras—5.

Nces: Supervisors Barbagelata, Boas, Feinstein, Kopp, Molinari, von Beroldingen—6.

Motion to Refer to Committee

Supervisor Francois, seconded by Supervisor Tamaras, moved that matter be rereferred to Planning and Development Committee.

Motion refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

In discussing the motion to adopt the resolution as amended, Supervisor Pelosi asked that the Journal of Proceedings reflect the following questions posed by Supervisor Pelosi and responses thereto by Robert L. Rumsey, Executive Director of the Redevelopment Agency:

Supervisor Pelosi: As Director of the Redevelopment Agency, you represent that the credits that should be available to the City and County by virtue of the transit station, Market Street development, and other improvements will be lost to our city in the event we do not move to include this program in the application which will be transmitted to the Department of Housing and Urban Development in June of this year.

Mr. Rumsey: If this matter is considered again a year hence—which is the earliest it can be—and is approved then and planning goes forward, we will have lost a portion of the credits, some two million dollars in that year. The other improvements that are planned or under construction will still be so a year hence and presumably can be captured. The loss will be on those improvements which are completed in the year.

Supervisor Pelosi: So we would eliminate any possibility of receiving two million dollars within the monies allocated?

Mr. Rumsey: Correct, if the present schedule of completion of improvements comes about.

Supervisor Pelosi: What is being asked today is merely the request that the Planning Commission consider the designation of an area after public testimony and subsequently make an application to the Department of Housing and Urban Development so they can consider it and then return it to this Board. All this would have to take place before this matter could go forward.

Mr. Rumsey: The proposal would be returned by HUD to the

Redevelopment Agency which would then work with City Planning on a set of plans to put before the Board.

Motion to Grant Privilege of the Floor

Supervisor Mendelsohn, seconded by Supervisor Francois, moved suspension of the rules and that the privilege of the floor be granted to Leon Meyerzove, President of Economic Opportunity Council Office No. 5.

No objection; *motion adopted*.

Mr. Meyerzove urged that the Board act affirmatively on subject proposal.

The roll was thereupon called on the motion to adopt the proposed amendment of the whole and it was as follows:

Ayes: Supervisors Francois, Gonzales, Mendelsohn, Pelosi, Tamaras.

Noes: Supervisors Barbagelata, Boas, Feinstein, Kopp, Molinari, von Beroldingen.

Before the Chair announced the result of the roll call, Supervisor Francois changed his vote from "aye" to "no" for the purpose of moving reconsideration.

The Chair thereupon announced that the measure was refused adoption by the following vote:

Ayes: Supervisors Gonzales, Mendelsohn, Pelosi, Tamaras—4.

Noes: Supervisors Barbagelata, Boas, Feinstein, Francois, Kopp, Molinari, von Beroldingen—7.

Resolution fixing Monday, April 24, 1972, at 2:00 p.m., for hearing appeal from decision of the City Planning Commission authorizing a conditional use of property at 1800 Fillmore Street for a planned unit development.

File 93-72-3, Resolution No.

The Clerk presented a communication from the law offices of Quantz & Howard, representing a number of the appellants, advising that the Redevelopment Agency was the original petitioner for the conditional use of subject property and is not a subscriber to the appeal, and that when the Redevelopment Agency property is eliminated, the signatures submitted constitute ownership of seventy-five percent of the surrounding property.

Deputy City Attorney James Stark advised that government-owned property should not be counted unless the government agency is a subscriber to the appeal and that, since the Redevelopment Agency is not a subscriber, that Agency's property should not be counted.

Supervisor Francois, seconded by Supervisor Gonzales, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Refused Adoption

Resolution fixing date of Monday, April 24, 1972, at 2:00 p.m., for hearing appeal from decision of the City Planning Commission denying conditional use for automobile dismantling on open lots in an M-1 District in the South Bayshore Area.

File 93-72-5, Resolution No.

Supervisor Barbagelata, seconded by Supervisor Kopp, moved adoption.

Deputy City Attorney James Stark advised that no owners of property involved have subscribed to the appeal; therefore, in his opinion, the appeal does not qualify. He further advised the Board that the Chief Assistant Clerk of the Board had contacted the attorney for the appellant, had advised him of this fact and that time still remained for him to file signatures; the attorney had failed to use the remaining time to submit signatures to the appeal.

Mr. Roy Anderson, representing automobile dismantlers stated that he had been unable to contact people in time to obtain the signatures, that he had submitted Xerox copies and felt these should be sufficient.

Supervisors Francois and Kopp expressed their regret at having to vote against the subject legislation.

Refused adoption by the following vote:

Noes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—10.

He said that he does not agree with the City Attorney's interpretation that a code section can be modified by a motion adopted by the Board of Supervisors. Taken out of Order

SPECIAL ORDER — 2:00 P.M.

Public hearing on recommendation of Public Utilities Commission for service adjustments on various Municipal Railway lines.

File No. 243-72.

At the direction of the Chair, the Clerk read a letter from the Public Utilities Commission received in the Board office at 11:11 a.m., April 24, 1972, from John C. Farrell, Secretary and Assistant General Manager, Public Utilities Commission. The letter and attached resolution rescinded the Commission's Resolution No. 72-0106 and also rescinded its recommendation for action by the Board of Supervisors.

In response to questions by various Board members, William F. Bourne, Public Utilities Counsel, advised that the Public Utilities Commission meeting held on April 24, 1972, at 8:30 a.m., was legally held, with all legal requirements for notice having been observed. Further, notwithstanding the failure of any of the respective media to file a written demand for notice of the hearing, the Public Utilities Commission had informed him that it did, in fact, on Friday evening make an appropriate mailing to the media.

Continuing, Mr. Bourne stated that the Commission has written rules pertaining to the conduct of special meetings and that these rules are available in the office of the Commission. He further advised that a majority of the Commission was present at the April 24 meeting to transact business, that the resolution in question was adopted by an affirmative vote of all three of the members present, and that the Commission had duly rescinded its previous action set forth in Resolution No. 72-0106, pursuant to which the Board of Supervisors had scheduled its April 24 public hearing.

Finally, Mr. Bourne advised that it was the Commission's feeling in approving the rescission that because of the imminence of a decision in the current hearing on the matter of issuing a permanent injunction, for the moment it would be better to have a judge decide whether the Commission's action constituted a discontinuance or abandonment so as to require Board action rather than to

accept the preliminary determination of Judge Ira Brown; that the Commission had determined that the exigencies of the moment required, and made more sense in reaching, the conclusion that they ought to await the final decision from the trial judge rather than act upon the non-controlling decision of the law-and-motion judge; and that is why the Commission withdrew its recommendation.

Upon being asked about the legality of holding a Board hearing, Mr. James J. Stark, Deputy City Attorney, informed the members that after a conference between himself, the City Attorney and Mr. Bourne, it was their unified agreement that the Board has no jurisdiction at this time and, therefore, it would not be legally proper for the Board to proceed with the hearing. Mr. Stark further stated that the Commission, until the public hearing commences, still has the right to withdraw its request.

Postponement of Action

Supervisor Barbagelata, seconded by Supervisor Kopp, moved that since there were no representatives from the Public Utilities Commission present, the item be delayed until their arrival. No objection, and motion carried.

Taken Up Out of Order

The following recommendation of the Planning and Development Committee was taken up:

Supervisor Barbagelata, seconded by Supervisor Kopp, moved that the following be taken out of order. No objection.

Adopting Zoning Map amendments, changing use classifications of specified property in the Haight Ashbury area from R-5 and R-4 to R-4, R-3.5 and R-3.

File No. 36-72-2, Ordinance No.

Refused Postponement

Supervisor Barbagelata, seconded by Supervisor Kopp, moved postponement for one week.

Motion refused adoption by the following vote:

Noes: Supervisor Barbagelata—1.

Consideration Resumed**SPECIAL ORDER -- 2:00 P.M.**

Public hearing on recommendation of Public Utilities Commission for service adjustments on various Municipal Railway lines.

File No. 243-72.

Mr. James J. Finn, Director of Transportation, Public Utilities Commission, arrived at the meeting and consideration of the Special Order was continued.

In response to questions, Mr. Finn reiterated the statements made by Mr. Bourne. He further stated that a public notice was posted outside of Room 282, City Hall, on Friday, April 21, 1972, at 5:15 p.m., and that members of the Public Utilities Commission were so notified by United States mail. Further, he stated that none of the persons attending the Board meeting were notified. The two newspapers, several radio stations and one television station were notified of the special Commission meeting.

Supervisor Kopp brought out the point that the City Hall offices close at 5:00 p.m. and questioned whether posting a notice at 5:15 p.m., on a Friday, would constitute a 24-hour notice to the public. In response, Deputy City Attorney Stark stated that this would constitute legal notice and would comply with Commission rules.

Privilege of the Floor

Supervisor Boas, seconded by Supervisor Mendelsohn, moved the privilege of the floor for Morris Lowenthal, an associate of Stewart Baird, Attorney-at-Law, San Francisco Neighborhood Legal Assistance Foundation, who is the legal counsel for the Muni Drivers Association. There being no objection, motion carried.

He explained there is in progress at the present time a trial in the court of Judge S. Lee Vavuris. The trial is to determine whether or not the changes in the Municipal Railway schedules, sometimes termed service adjustments, constitute an abandonment or discontinuance of service.

Discussion Continued

Supervisor Feinstein commented that since the Board cannot pass the proposed resolution disapproving the Municipal Railway cuts in service because of the opinion of the City Attorney, the Board at least can indicate its feelings through a motion.

Supervisor Kopp asked Mr. Bourne if all five members of the Public Utilities Commission were present at the meeting this morning. Mr. Bourne stated there were three members present: Marvin E. Cardoza, President of the Commission, Commissioner H. Welton Flynn and Commissioner Joseph J. Diviny.

Motion

Supervisor Feinstein, seconded by Supervisor Tamaras, moved that since the item has been calendared and many people have come to the Board to be heard, the Board go on record indicating its opposition to Municipal Railway cutbacks at this time, regardless of whether or not they be determined ultimately to be discontinuances or abandonments or service adjustments.

Supervisor Mendelsohn, with the approval of Supervisor Feinstein, added to her motion the concept that the Board indicate publicly as part of the motion that as far as the Board is concerned, the funds can be found to get the Municipal Railway through this fiscal crisis until the end of this fiscal year, but the Public Utilities Commission has shown by their action today that it does not want to be bailed out of the crisis.

Supervisor Francois, with the approval of Supervisor Feinstein, thereupon added to the motion a statement to the effect that the Board finds that the Public Utilities Commission in holding the hearing this morning, April 24, did not comply with the spirit of the Brown Act governing the conduct of public meetings, that their precipitate action erodes the confidence of the public in government, and that the Board looks with disfavor upon this manner of conducting the public business.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Tabled

Resolution disapproving service adjustments on various Municipal Railway lines authorized by the Public Utilities Commission.

File No. 243-72, Resolution No.

Supervisor Gonzales, seconded by Supervisor Molinari, moved that the calendar item in question, which included a scheduled public hearing and a proposed resolution pursuant to which the Board might act upon the Public Utilities Commission's recommendation, be tabled, in view, as Supervisor Gonzales pointed out, of the advice of the Public Utilities Counsel in which the Deputy City Attorney has concurred.

Motion to table carried by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

File No. 189-72, Resolution No.

In the Board meeting of April 17, 1972, the roll was called on the question of adoption of this measure. The Clerk's tally of the vote was five ayes and six noes. Before the result of the roll call was announced by the Chair, Supervisor Francois changed his vote from "aye" to "no" in order to be recorded as voting with the prevailing side, for the purpose of moving for reconsideration. The Chair at that point announced that the measure was refused adoption by a vote of four ayes and seven noes. In accordance with Board rules, the vote on the motion then made by Supervisor Francois, seconded by Supervisor Pelosi to reconsider the vote whereby said measure was refused adoption shall be taken at the meeting of the Board next following that at which the motion is made.

Statement by Supervisor Kopp

Supervisor Kopp made reference to his previous statement that there be an investigation concerning the advisability of reducing the number of patient beds at the San Francisco General Hospital from approximately 635 to approximately 500. He felt that his request of several months ago was justified by community reaction and development which were particularly apparent then.

However, at this time he wishes to withdraw his request for the public hearings, predicated upon his tentative conclusion that present plans for the 635-bed capacity should be permitted to proceed. He added that he is hopeful that his fears concerning unnecessary expenditure of City and County funds on the hospital project will prove unfounded in five or ten years, but nevertheless because of technical obstacles he is withdrawing his previous request.

Referred to Finance Committee.

Request Granted

Supervisor Mendelsohn requested that a communication be sent to the Registrar of Voters asking for a possible change in a letter designation for one of the propositions on the June ballot. He explained that the San Francisco Police and Fire Departments are in favor of Proposition "J" on the ballot and there is also a Proposition "J" on the Oakland ballot. The local departments are in favor of the San Francisco proposition but not in favor of the Oakland one. Since there might be some conflict, he asked if it is at all possible to change the letter designation from "J" to some other letter.

No objection and Clerk directed to comply.

Correction and Approval of Journal

Supervisor Feinstein stated that there was an error in her remarks in the Journal of Proceedings of March 13, 1972, on page 207. Her remarks should read:

Supervisor Pelosi stated that there was an omission in his remarks in the Journal of Proceedings of March 13, 1972, on page 207. The first sentence should read:

There being no objections to the above two changes in the Journal, the Clerk was directed to make the corrections.

Consideration Continued

The following measure, heretofore temporarily postponed, was taken up:

Ordinance amending the Public Works Code, relating to a sewer service charge for use of the sewer system of the City

and County, by changing the effective date thereof to April 1, 1972, and changing the method of computing the charge.

File No. 224-72, Ordinance No.

Supervisor Barbagelata, seconded by Supervisor Kopp, moved that the ordinance be amended so that there would be a flat service charge of \$1.75 per month for all residential units.

During the ensuing discussion, the fact was brought out by Supervisor Francois that there was no actual ordinance before the Board, but merely a title listed in the Calendar of Matters. Further, that an amendment could not be made to a non-existent piece of legislation.

The Chair asked the Clerk the status of this matter. The Clerk replied that the calendar reflected the title of an ordinance which had been referred to the Finance Committee, that the ordinance text had not been drafted at the time of introduction but had been undertaken by Supervisor Barbagelata to be drafted by him, that the subject matter as reflected in the title was pending in Committee, and in that state was called out by Supervisor Barbagelata. The matter of changing sewer service charge rates had not been heard by the Finance Committee. There is no ordinance before the Board, at least so far as the official file is concerned.

Supervisor Feinstein stated that she looked through the file before the meeting and could find no pending legislation that the Board could vote on today. It would appear that it is not legal at this time to vote on something that is not at hand.

Supervisor Gonzales stated that he does not agree with the Clerk, and that there is legislation before the Board.

Supervisor Kopp stated that he was in agreement with Supervisor Gonzales, and that some people were in the Chambers of the Board today in response to a notice they received. He suggested that this matter be heard by the Finance Committee on May 3, 1972, and the people in the Chambers be so notified.

In response to questions, the Clerk stated that he had sent out the notices upon instructions from Supervisor Barbagelata. Notices were sent to several hundred persons. At that time, there was no legislation in the file, nor is there now, relating to the matter that was called out of the Finance Committee. Further, the Clerk stated that he had asked Supervisor Barbagelata whether he should have the City Attorney draft the proposed legislation. The Supervisor had replied that he preferred to write the legislation himself.

Supervisor Kopp stated that he thought the Board had legislation, and wanted to see action on this today as he had further amendments to make regarding small commercial sewers. Therefore, he asked Supervisor Barbagelata if he would refer the matter back to the Finance Committee so that they may be able to take action on May 3, 1972.

Supervisor Mendelsohn, Chairman of the Finance Committee, stated that the Controller and the City Attorney had prepared legislation on the effective date of the Sewer Service Charge. This would be heard on May 3, 1972 and any amendment that any Supervisor wished to make could be made at that time.

The Clerk of the Board stated that the Finance Committee on May 3, 1972, has on its calendar a Special Order at 3:30 p.m., to hear the following:

SPECIAL ORDER — 3:30 P.M.

Ordinance amending Public Works Code establishing an effective date of November 14, 1971, for imposition of the sewer service charge. File 224-72-1.

Ordinance amending Public Works Code establishing an effective date of January 26, 1972, for imposition of the sewer service charge. File 224-72-2.

Ordinance amending Public Works Code by adjusting service rates to eliminate inequitable increases in water bills of small commercial users. File 224-72-7.

Amends SEC. 141 (c) to read as follows:

“Exemption. A determination that the service is used entirely for specific purposes, and accordingly, exempt from the charges imposed by the provisions of this Article.”

Amends SEC. 142. Changes unit monthly service charge for other than residential premises from \$8.40 per month to the following charges:

\$4.00 for $\frac{5}{8}$ inch meters;

\$6.25 for $\frac{3}{4}$ inch meters;

\$13.20 for meters larger than $\frac{3}{4}$ inch;

30¢ per hundred cubic feet for excess over 1,000 cubic feet if origin of sewage discharge is from water other than from Water Department source.

Provides exceptions:

- 1) Separate metered service for each dwelling unit; user may be billed at lower residential meter service rate of 84¢ per unit per month;
- 2) Service or meter used exclusively for irrigation purposes;
- 3) No water from service or well enters sewerage system either through a private or city-owned sewer lateral, gutter, catch basin or storm water inlet.

Amends SEC. 145. Changes from irrigation exception proceeding to any exemptions or adjustments.

Amends SEC. 146. Adds new subsection (1) to read as follows:

“(1) All expenses incurred by the Department of Public Works

in the administration and enforcement of the Sewer Service Charge of the Article.”

Renumbers subsections (1) through (4) to subsections (2) through (5).

Supervisor Barbagelata stated that on March 21, 1972, he introduced a proposal to change the effective date of the Sewer Service Charge to April 1, 1972, and that he had asked that legislation be prepared by the City Attorney, but nothing had been done by them.

Motion Failed for Want of a Second

Supervisor Kopp moved to appeal the decision that there is no legislation now before the Board. Motion failed for want of a second.

In response to questions by Supervisor Barbagelata, Deputy City Attorney James J. Stark stated that there is no specific legislation which had been introduced and referred to the Finance Committee. Further, in response to questions by Supervisor Molinari, Mr. Stark stated that any and all amendments to the legislation now in the Finance Committee could be made at the May 3 meeting, but that there was no legislation before the Board at the present time.

Supervisor Feinstein, seconded by Supervisor Gonzales, moved that since there is no legislation before the Board, the matter be rereferred back to the Finance Committee for hearing on May 3. The Clerk of the Board stated that this matter could not be heard by the Finance Committee on May 3 as there would not be sufficient time for publication but that the subject matter could be discussed in the Committee meeting.

Supervisor Kopp asked for a call of the Board to appeal the decision of amending Section 148 of the Public Works Code that pertains to the effective date of the Sewer Service Charge. This request was ruled out of order.

Adopted

Supervisor Molinari, seconded by Supervisor Kopp, moved as a substitute motion for the prior motions made by Supervisors Barbagelata and Feinstein, that this matter (i.e., the title of an undrafted ordinance prescribing an effective date of April 1, 1972, and changing the method of computing the sewer service charge) be held on calendar for one week.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras—8.

Noes: Supervisors Feinstein, Francois, von Beroldingen—3.

COMMITTEE REPORT

Consideration Continued

The following from Finance Committee with recommendation "Do pass after amendment" was taken up:

Annual budget of the City and County of San Francisco for the fiscal year 1972-73.

File No. 100-72.

(Consideration of budget to be continued to Monday, May 15, 1972.)

Supervisor Mendelsohn presented the following budget statement on behalf of the Finance Committee:

The Finance Committee (my colleagues are Supervisors Terry A. Francois, John L. Molinari, Peter Tamaras and Dorothy von Beroldingen) presents to the Board of Supervisors today the proposed annual budget of the City and County of San Francisco for the fiscal year 1972-73.

Two itemized lists of Finance Committee recommendations, (1) budget, and (2) supplemental budget, have been furnished Board members. These lists together with Volumes I and II of the budget, and the volume of supplemental budget requests, constitute a comprehensive budget report.

The San Francisco Unified School District's and the San Francisco Community College District's tentative annual budgets are not included with the City and County figures because these budgets are not subject to action by the Board. All statistics herein have been compiled or adjusted to reflect the absence of those Districts' data.

The following comparative data reflects total budgeted expenditures:

1971-72 Budget	\$559,691,008
1972-73 Departmental Requests*	657,440,179
1972-73 Mayor's Recommendations	574,166,947
1972-73 Finance Committee Recommendations	568,388,715

*(Exclusive of Charter Section 8.400, Salary Standardization.)

The amount of support for the Annual Budget from ad valorem taxes cannot be precisely determined before September, 1972, when the assessment roll together with surpluses, subventions, grants, and various revenue and expenditure adjustments are finalized by the Controller. It is the firm intention of your Finance Committee to recommend to the Board any and all actions which may prudently be taken to maximize the use of existing funding sources other than ad valorem taxes in order to hold the property tax rate as close as possible to the present level.

Including Salary Standardization and the supplemental budget, the total proposed budget as recommended by the Mayor produced an apparent need of an additional \$28,000,000. Recognizing

this, both the Mayor and your Finance Committee have been searching for innovative ways to find sources other than ad valorem taxes to meet this need.

Taken together, the cuts in expenditures and the new revenue production developed so far amounts to \$15,138,232. However it is impossible at this time to compute the actual property tax support reduction which this amount will produce. There are a number of ways in which any remaining "gap" may be met without the need for an increase in property taxes. Among others, these include additional proceeds from the retail purchase and use tax (sales tax relating to the increase of $\frac{1}{4}$ of 1%), proceeds from the sale of the Hassler Hospital, use of utility surpluses and unexpended appropriations, additional increases in the assessed property values in San Francisco and unneeded portions of cash reserves.

Specific Items and Categories:

The following data highlights various actions taken by the Finance Committee as a result of its review of the budget:

Revenue Estimates:

The Committee which in prior years had closely examined the *expenditure* appropriations contained in the budget, has this year also paid particular attention to the *revenue* estimates. Based on information provided by the operating departments, the Committee notes the following items:

	Type of Revenue	Controller's Current Estimate	Committee's Estimate
Pages 176, 177, Lines 22, 5	Traffic Fines	\$ 7,800,000	\$ 8,000,000
Page 303, Line 16	Interest Income	10,600,000	11,495,000
Page 465, Line 2	Business Tax	1,750,000	2,500,000
Page 465, Line 7	Employers Payroll Tax	16,000,000	18,500,000
Page 744, Line 12	Care of Patients- Medi-Cal-San Fran- cisco Genl. Hospital	13,000,000	14,000,000
Page 928, Line 2	Retail Purchase & Use Tax (Sales Tax- Increase of $\frac{1}{4}$ of 1%)	- 0 -	3,000,000
		<u>\$49,150,000</u>	<u>\$57,495,000</u>

In total, the Committee's estimates for these items exceed the Controller's current estimates by \$8,345,000. Almost all of this increased amount would directly reduce ad valorem taxes. While recognizing that the Controller has advised the Committee that he

will continually revise his revenue estimates prior to the setting of the tax rate, the Committee respectfully requests that its estimates of the above items be considered.

Surplus Funds:

The Committee, in its strong objective that ad valorem taxes must be held to a minimum, has directed the Controller to determine the precise extent of surplus funds available from the Water Department and Hetch Hetchy for transfer by the Board of Supervisors to the general fund pursuant to Charter section 6.407. Such transfer would effect a reduction in ad valorem taxes.

Automobiles and Trucks:

The Committee severely scrutinized each automobile and truck requested in the budget by various departments. In addition to approving only those vehicles which were adequately justified, the Committee followed the Purchaser's new suggested economical price levels as recommended by the Budget Analyst in his Management Audit of the Purchaser. Excluding the Fire and Police Department vehicles, 102 automobiles and trucks, amounting to \$453,494, were recommended by the Mayor but 28 automobiles and trucks, amounting to \$128,849, were recommended for approval by your Finance Committee.

Personnel, Generally:

Net new positions requested by Departments	1,509
Net decrease of positions recommended by Mayor from the current year's budget	-239
Net decrease of positions recommended by Committee from the current year's budget	-356

Fire Department:

Page 128, Lines 7, 8. Fire protection services provided by the Fire Department for the Port, including Fireboat and Waterfront Expenses, have traditionally been financed by Port revenues, not ad valorem taxes. However, as a result of a new policy of the Port Commission, the Fire Department budget recommended by the Mayor contains only a token amount from the Port of \$25,000 to help finance these services. It was estimated that ad valorem taxes would have to be increased by \$513,605 to finance Port fire protection under the Mayor's recommended budget.

The Finance Committee unanimously agreed that this shift of cost from the Port Commission to the Fire Department, which directly and unfairly affects the taxpayers, is absolutely unacceptable. Further, the City Attorney has stated that the cost of the fire protection services for the Port is properly the responsibility of the Port. Subsequent to a series of negotiations between the Finance Committee and the Port Commission, the Port has agreed to submit a supplemental appropriation request which

would result in the funding of these costs from Port revenues. In the meantime, the Committee has recommended exclusion of the applicable expenditures from the Fire Department budget in order to insure that the taxpayers will not be burdened with the 1/2 million dollar cost of the fire protection services.

Municipal Court:

Page 184 Line 1. The requested item of \$13,000 for library and reference books is recommended for reduction to a total of \$10,000. The stricken \$3,000 was for the purpose of starting a library for the new court. It is the policy of the Finance Committee to have the courts share such books which are already contained in the other libraries and to consider further library consolidations wherever possible.

Police Department:

Page 203, Line 12. The Committee has recommended approval of 2 of the 8 Policewomen positions recommended by the Mayor, which will provide the Department with a total of 4 Policewomen. The Committee believes that the 7 Policewomen positions, who were recently appointed to the position of Assistant Inspector, can also assist in fulfilling Policewomen responsibilities.

Page 205, Line 1. While the Mayor recommended 10 new Clerk Typist positions, the Committee evaluated testimony by the Police Department which urged that priority be given to additional foot patrolmen. Therefore, the Committee, in approving the 10 new Clerk Typist positions, has instructed the Controller to withhold disbursement of the funds for these positions pending their reclassification to Policemen positions to the extent funds are available from the Clerk Typist positions.

Page 209, Line 22. The Committee, in recommending reduction for the rental of office machines and equipment from \$38,700 to \$31,500, urges the Department to make police reports available to defense attorneys of record for a fee. The Committee would entertain any subsequent supplemental appropriation request to restore the \$7,200 eliminated by its action if such monies were to be financed by these fees.

Pages 209, 211, 212, 217, Lines 14, 9, 15, 24. The Committee has directed the Controller to withhold disbursement of funds amounting to \$51,000 for the Helicopter Program including maintenance and repairs, helicopter parts, fuels and lubricants and insurance. Such funds are to be held pending their reappropriation for additional Policemen. While the Committee believes that a helicopter program has merit, the majority of the Committee firmly believes that the advantages of freeing uniformed personnel in the streets for other necessary police duties exceed those of a helicopter program, particularly in the relatively confined geographic area of San Francisco.

Page 34, Line 25, Supplemental Budget. The Committee, while recommending approval of \$324,152 for School Crossing Guards,

and while recognizing the absolute necessity of these positions, believes that the Mayor's Special Assistant for Educational Affairs should closely follow up with the Board of Education the possibility of obtaining Federal funds to finance this expenditure.

Department of Social Services:

Page 251, Line 7. The Committee has reduced the General Assistance item which is entirely funded from local ad valorem taxes by \$600,000 from \$5,584,000 to \$4,984,000. The Committee recognizes that by following management recommendations made by the Board's Budget Analyst, the Department has already made significant reductions in this program, amounting to over \$2,000,000 in the current fiscal year. The Committee believes that further implementation of the recommendations made by the Budget Analyst in his Management Audit of the General Assistance Program will result in further substantial economies. The audit disclosed that while ample social services are being provided, there is insufficient routine verification of the facts to determine if persons either employable or medically unemployable are to receive General Assistant payments.

Sheriff:

Page 278, Various Lines. Your Committee has devoted a much greater than usual amount of time and study to the budget requests of the Sheriff. The Committee was particularly concerned that there be reasonable support for the Sheriff's activities, particularly from a funding standpoint, in order that the Sheriff may efficiently perform for the benefit of the City and County the duties which have been entrusted to him.

Of paramount concern was the budget item for food in the Jails, which in the past has been alleged to be insufficient and which has required supplemental appropriations when budgeted funds were exhausted. The Committee recognizes the necessity of a food budget for inmates at the County Jails which is in accordance with minimum State standards. It therefore has recommended for inclusion the entire food budget as recommended by the Mayor. However the Committee has directed the Controller to institute a schedule of monthly allotments for this item unless, in the Controller's opinion, a departure from this schedule would result in economies. This allotment schedule will insure that the amount budgeted, which is clearly a realistic amount, will not be over-expended. Further, the Committee urges the Sheriff to take advantage of all possible quantity discounts.

During the current fiscal year, the Committee has received from the Sheriff and his staff a number of conflicting figures as to the daily amount per prisoner required for an adequate, nutritious and varied jail diet. The amounts mentioned varied between \$0.68 and \$1.06. The Grand Jury, it is noted, stated in its report on the Sheriff's Department that "We would fault the Sheriff in his approach to his request for a supplemental food allowance." The

Grand Jury has also observed "the San Quentin food to be substantially better than that at the County Jails and costs approximately 80 cents per day per inmate."

Nevertheless, upon the representations of the Sheriff to the effect that \$1.06 per day will be satisfactory, the Committee recommended and the Board passed on May 1, 1972, a supplemental appropriation of \$94,000 for the Sheriff's foodstuffs, to make sufficient funds available for the balance of the current fiscal year. Additionally, the Mayor in his budget recommendations for the next fiscal year submitted a total for Sheriff's foodstuffs of \$528,000, a \$149,000 increase over last year's budgeted item. The Committee and the Board are powerless under the Charter to raise that figure, but the Committee recommends its approval without reduction.

Your Committee has recommended deletion of one requested new position of Administrative Chef, at a beginning salary of \$13,533 per year. The Committee noted that the permanent payroll at the present time includes four chefs and one cook. The duty statement applicable to chefs would indicate that all of the administrative responsibilities contemplated for the Administrative Chef can and should be undertaken by them as part of their normal duties. The heavy increase in the total budget for the Sheriff's Department precludes addition of more employees at this time, in the absence of the most urgent type of justification.

Other adjustments in the Sheriff's requested funds are minimal and are in areas other than those associated with his custodial function.

Superior Court:

Page 290, Line 12. The requested item of \$12,000 for law books is recommended for reduction to a total of \$6,000, the amount which was approved for the current fiscal year. It is the Committee's strong belief that the 26 courts should attempt to consolidate its library operations and should share books and reference works whenever possible.

Board of Supervisors:

Page 398, Line 15. The Board should note with pride an estimated reduction in its own budget for fiscal year 1972-73 resulting from the passage of Proposition "O", authored by the Clerk of the Board, Robert J. Dolan. It is estimated that this Proposition, which amended various Charter sections relating to the publication of ordinances, resolutions and other legislative documents, will reduce the Board's expenditures by \$100,000.

Treasurer:

Page 306, Line 9. The Committee has recommended approval of one new position of Investment Specialist to assist the Treasurer in the establishment of a formalized cash flow system and to

otherwise assist in the maximizing of interest income earned by the City and County. The Budget Analyst recommended the creation of this new position based on his Management Audit of the Office of the Treasurer. It is estimated that this position will result in increased annual interest income of over \$500,000.

Juvenile Court, Probation Office:

Page 321, Line 7. The requested item of \$625,000 for maintenance of minors in foster homes and institutions is recommended for reduction to a total of \$550,000. The Committee has instructed the Controller to institute a schedule of monthly allotments for this item in order to insure that the Department does not expend more than the amount budgeted.

California Academy of Arts and Sciences:

Pages 359, 360, 362-366, Various Lines. The Committee has recommended various reductions for those items described in the budget under maintenance, operation and continuance in order that the amounts of these items do not exceed the amounts budgeted in the current fiscal year. The Committee recognizes the fine quality of services being provided by the Academy and wants such services to continue. However, it is the Committee's firm belief that any increases in expenditures which would require an increase in tax support over the current fiscal year, must instead be provided through the Academy's private resources, which are substantial.

Tax Collector — General Office:

Page 473, Line 9. The Committee did not approve the 38 positions recommended by the Mayor which would have made temporary positions into permanent positions. While the Committee recognizes that the temporary personnel, responsible for the administration of the business, payroll, parking and utility users taxes, are doing an excellent job, it is the policy of the Committee to continue to employ these personnel on a temporary basis until such time that an analysis and evaluation can be made of the entire tax structure best suitable to taxpayers.

Department of Public Works —

Water Pollution Control, Sewer Repair Division:

Page 614, Line 14. Sewer repairs attributable to storm drainage maintenance, while financed out of gas tax funds in the current fiscal year, were to have been financed from the sewer service charge for fiscal year 1972-73. The Committee, recognizing other priorities for the revenues derived from the sewer service charge which is used to reduce ad valorem taxes, searched for alternative financing for these repairs. It found various old gas tax capital improvement projects, which have been delayed or abandoned, containing unspent funds appropriated between fiscal years 1963-64 and 1970-71. The Committee has recommended that \$1,015,000

of these funds be utilized to finance sewer repairs attributable to storm drainage maintenance. This will result in a net savings of some \$1,000,000 to property taxpayers.

Public Works — Capital Improvements:

Page 637, Line 4. The capital improvement project amounting to \$2,700,000 for the Yerba Buena Center Sewer Relocation on 4th and Mission Streets, otherwise known as the **Howard Street Sewer**, is recommended for exclusion since it is the Finance Committee's firm objective that this project not be financed from ad valorem taxes. The Committee has recommended that the project be financed from borrowing unused monies from the Off-Street Parking Fund and the Real Property Fund which according to the Controller would provide sufficient financing. All monies borrowed would be returned from the proceeds of the sale of revenue bonds to be sold in 1973 in connection with the Yerba Buena Project.

Public Library:

Page 992, Line 21. The Committee has recommended approval of the entire Library budget as proposed by the Mayor. Further, the Committee, recognizing the absolute necessity of adequate library and reference books for the benefit of the citizens of San Francisco, has recommended an increase of \$60,000 over the Mayor's recommendation for such books, thereby increasing the item from \$764,700 to \$824,700.

Special Gas Tax Improvement Fund — Construction, Special Gas Tax Improvement Fund — 1.04 Cent Funds and Road Commissioner — Road Fund — Construction:

Pages 1082, 1086, 1087, 1088 and 1121-1124, Various Lines. With the exception of The Maritime Parkway Study—Broadway to Northpoint, amounting to \$10,000, which the Committee has recommended for exclusion due to the project's potential adverse effects on environmental conservation, all capital improvement projects financed out of gas tax funds have been conditionally approved. These projects, amounting to \$4,918,504, have been approved in accordance with the priorities of the Department of Public Works which noted that the Mayor had not followed its order of priorities. However the Committee has directed the Controller to withhold the disbursement of all funds for these projects, pending public hearings to obtain a complete explanation as to their purpose and necessity and an evaluation as to whether other projects not contained in the budget might be more beneficial.

Special Gas Tax Improvement Fund—1.04 Cent Funds and Road Commissioner—Road Fund—General Maintenance:

Pages 1085, 1115, 1117, 1118, Various Lines. Funding from gas taxes to support various Departments and thus reduce ad valorem taxes was recommended as follows:

Street Cleaning	\$4,482,343
Street Lighting	966,054
Sewer Repair	1,015,000
Total Reduction in Ad Valorem Taxes	<u>\$6,463,397</u>

Municipal Railway:

Pages 1246-1251, Various Lines. The Committee did not approve 27 of the 28 new positions recommended by the Mayor. While it is the Committee's firm intention to permit maximum Municipal Railway service with no service cuts, the positions recommended for exclusion will have no effect on service. The Committee has noted with dismay the apparent intention of the Public Utilities Commission to institute major service cuts in the coming fiscal year. In the opinion of the Committee, this would be a false short run economy which would lead in the long run, to less public use of the Municipal Railway which is regrettable in both economic and environmental terms.

Annual Appropriation Ordinance — Administrative Provisions:

The Controller has proposed the following described amendments to the administrative provisions, and the Committee recommends approval:

- (1) An addition to Section 4B. will appropriate specified revenues for disbursement by the Controller from the information and publication account.
- (2) A deletion from Section 11.9.1 which appropriated an amount not to exceed \$200,000 annually, for maintenance and operation of Candlestick Park. The reason for this deletion is that the Recreation and Park Department has submitted a budget request under budget index 653 for such maintenance and operation.
- (3) A new section, 11.9.2 which will appropriate hotel tax receipts, allocated to the Yerba Buena Redevelopment Project, to the Chief Administrative Officer for rent supplements for displacees from Yerba Buena Center Redevelopment Project and for various other expenses related to the construction and completion of a convention center and sports arena.

Annual Salary Ordinance — Administrative Provisions:

The Civil Service Commission has proposed an amendment to the administrative provisions, and the Committee recommends approval, as follows:

Amending Section 1.34, maximum rate for Part-Time Service, from \$242 per month to \$248 per month.

The Controller has furnished cost data relative to charges levied for accommodations, services and facilities furnished to

employees in various departments. Based on this data, the Committee recommends amendments to the Administrative Provisions as follows:

- (1) Amending Section 1.35 to increase the rate per day for meals at the Hetch Hetchy Project Boarding House from \$4.25 to \$4.50.
- (2) Amending Section 1.35 to increase the rate per person per day at the O'Shaughnessy Guest Cottage from \$26.00 to \$26.50.
- (3) Amending Section 1.35 to increase the rate per meal in other departments and institutions (other than Hetch Hetchy) from \$0.75 to \$0.85.
- (4) Amending Section 1.35 to increase the unit cost for laundry per biweekly period from \$2.60 to \$2.85.

Acknowledgments:

The Finance Committee commends and thanks Controller Nathan B. Cooper, his budget assistants David Fong and Stanley Koo and their staff for their valued assistance. The preparation of revenue data to accompany the expenditure data in the budget greatly assisted the Finance Committee and Mr. Fong is to be particularly commended for the furnishing of this revenue information. Thanks are also extended to the City Planning Department which prepared the graphic illustration of the budget as officially advertised in the newspaper.

Board Action:

In order that all members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget as much before adoption as was possible in view of the numerous meetings required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21.

On the regular Board meeting date of May 15, I will move that the budget, as amended by the Board in accordance with the Committee's recommendations, be adopted.

Conclusion:

Supervisors Francois, Molinari, Tamaras, von Beroldingen and I submit the Finance Committee recommendations to the Board with unanimity.

As previously announced, all members of the Board were cordially invited to attend the Finance Committee's budget sessions, and to favor the Committee with any suggestions they might have to offer. The Committee welcomed those who found it possible to attend, and the comments of all who submitted them.

The Committee's various recommendations for extra-budgetary action to be taken concurrently with adoption of the budget, are included in the preceding pages. In the absence of contrary directives from the Board, the Committee will proceed further as recommended herein.

He wondered if a permit was issued for the holding of this rally and questioned the wisdom of its being issued for the same time and place where Governors Reagan and Rockefeller were scheduled to speak at the St. Francis Hotel.

Supervisor Kopp stated that he personally observed some of the activity, read reports and heard statements which led him to conclude that what took place was not an apprehension of persons in violation of State Penal Code Section 409 (Failure to Disburse) but rather was an administration of instant justice on the spot by policemen.

Announcement

Supervisor von Beroldingen announced that there would be a tour of the Good Earth Commune at Cole and Oak Streets tomorrow morning, May 16, 1972. She invited any Supervisor who wished, to join her.

Request Granted

Statement of official act of the Board with respect to proposed site for Galileo High School on Fort Mason property.

Supervisor Kopp spoke about a letter dated May 9, 1972, addressed to the Honorable Roy A. Taylor, Chairman, Subcommittee on National Parks and Recreation, and signed by six Supervisors expressing the feeling of those members of the Board that endorsement of the Board of Education's proposal to acquire a portion of Fort Mason should not be construed as advocating conveyance of fee title by the Federal government.

Upon questioning by Supervisor Kopp whether this letter constitutes a departure from requirements that all actions of the Board should be by ordinance or resolution, Deputy City Attorney James J. Stark responded that it was; however, the letter is construed as an unofficial act of the Board of Supervisors.

Thereupon Supervisor Kopp requested that the Clerk be directed to write a letter to the Honorable Roy A. Taylor stating that the official action of this Board with respect to a proposed site for Galileo High School is embodied in Resolution 280-72 and not in the communication of May 9, 1972, or any other communication from any individual Supervisor.

No objection; *Clerk directed to comply.*

Adopted as Amended

The Board thereupon resumed consideration of the following from Finance Committee with recommendation "Do pass after amendment," heretofore considered and temporarily postponed:

Annual budget of the City and County of San Francisco for the fiscal year 1972-73.

File No. 100-72.

The Chair announced that it was in receipt of a communication from the Acting Mayor requesting that the Board restore to the Police Department budget on page 203, line 7, the eleven Q2 Policemen which had been deleted by the Mayor so that the total number of employments would be increased from 1,283 to 1,294, and that the budget be reduced from \$18,883,053 to \$17,890,623.

Supervisor Mendelsohn stated that it was his understanding that this communication was the appropriate measure to put the eleven Q2 Policemen before the Board legally.

Deputy City Attorney James J. Stark confirmed that the Board was now in a position to act on this amendment.

Supervisor Mendelsohn stated that the Finance Committee unanimously recommends that the eleven Q2 Policemen be inserted in the budget and recommends it to the full Board for approval. He questioned whether, in order for the Board to legally have this before it, a motion is required by the Finance Committee.

The Clerk of the Board responded that Supervisor Mendelsohn's statement, which is now a matter of record, makes it clear that the Finance Committee has amended its recommendations.

Thereupon the roll was called on the pending motion by Supervisor Feinstein restoring items involved with Police helicopters and it was adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Kopp, Pelosi, Tamaras—7.

Noes: Supervisors Gonzales, Mendelsohn, Molinari, von Beroldingen—4.

Motion refused adoption by the following vote:

Aye: Supervisor Kopp—1.

Noes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Request Granted

Supervisor Kopp stated that although he is certain that the Port Commission has engaged outside legal counsel to represent it in the defense of litigation filed against it, he does not see any item in the budget which authorized the Port Commission to retain such legal counsel.

Supervisor Kopp thereupon directed that the Clerk forward a communication to the Port Commission inquiring what funds have been set aside for outside legal counsel, where the funds for this purpose have come from in the past, and from where they will be derived in the coming fiscal year.

No objection; *Clerk directed to comply.*

Announcement re extermination of waterfowl

Supervisor Pelosi stated that he was sure all members have been called about the proposed extermination of waterfowl at Palace of Fine Arts lagoon. He said, and Supervisor Feinstein

verified, that Supervisor Feinstein had been in contact with the Department of Agriculture and the Department of Fish and Game, and that people in those departments claim emphatically that suspension of the extermination of these waterfowl would expose all wildlife of California and the West Coast to the disease suffered by these fowl.

Supervisor Pelosi said that, in view of this information, he felt it would be premature, at best, for the Board of Supervisors to take any action urging that extermination of these infected birds cease.

Supervisor Pelosi suggested that individual members continue to investigate the situation during the coming week.

Rebuttal period was allowed.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

Adopted

The following presented by the Clerk, heretofore considered, was taken up:

Resolution disapproving decision of the City Planning Commission denying application for a conditional use of property at 1138-40 Taylor Street for professional offices.

File No. 93-72-8, Resolution No. 367-72.

(June 5, 1972 — Consideration continued to June 12, 1972.)

TAKEN UP OUT OF ORDER

Referred to Committee

There being no objection, on motion of Supervisor Boas, seconded by Supervisor Mendelsohn, the following recommendation of Governmental Services Committee was taken up out of order:

(Supervisor Barbagelata dissenting in Committee.)

Ordinance amending the Administrative Code by adding Article V, Sections 5.40 through 5.46 thereto, creating a Department of Consumer Affairs and a Consumer Affairs Commission.

File No. 289-69-3, Ordinance No.

Supervisor Boas commenced presentation of the report of the majority of the Committee.

Supervisor Barbagelata rose to a point of order, stating that it is his right as Chairman of the Committee to make his report first.

In response to questions by Supervisor Kopp, the Clerk stated the Rules of the Board as they pertain to committee action.

On Supervisor Barbagelata's point of order, the Chair ruled that the majority report should be stated first; upon completion of the majority statement, the minority report will be stated, after which the matter will be in the hands of the Board.

Supervisor Molinari, seconded by Supervisor Kopp, thereupon appealed from the decision of the Chair.

The Clerk informed Board members of the provisions of Rule 23 of the Board, "Appeal from decision of President.", and advised the Board that the question to be decided is: "Shall the decision of the President stand as the decision of the Board?"

Supervisor Molinari explained his reason for appealing the decision. The Chair stated the basis for his ruling.

The roll was called and the ruling of the President was disapproved by the following vote:

Ayes: Supervisors Boas, Feinstein, Mendelsohn, Pelosi—4.

Noes: Supervisors Barbagelata, Francois, Gonzales, Kopp, Molinari, Tamaras, von Beroldingen—7.

Thereupon, the President recognized Supervisor Barbagelata, who spoke in opposition to subject proposal. He stated that the legislation in its present form has never been the subject of public hearing.

Motion to Refer to Committee

Supervisor Barbagelata, seconded by Supervisor Feinstein, moved rereferral to Governmental Services Committee.

Over frequent objections by Supervisor Barbagelata and Supervisor Kopp, Supervisor Boas made his statement supportive of the pending measure as an argument against referral and in favor of immediate enactment.

Supervisor Kopp requested that the Chair rule Supervisor Boas out of order because he was addressing himself to the merits of the measure rather than to the question of rereferral to Committee.

The Chair ruled that Supervisor Boas was summarizing his ideas as to why the matter should be heard by the Board, and that he could proceed.

Supervisor Barbagelata, seconded by Supervisor Kopp, thereupon appealed from the ruling of the Chair.

After discussion by Board members, the Clerk stated that the pending appeal is from the ruling of the Chair that Supervisor Boas shall be permitted to develop in his own way the question of whether or not the matter shall be rereferred to Committee,

and advised that the question to be decided is: "Shall the decision of the President stand as the decision of the Board?"

The roll was called and the decision of the Chair was upheld by the following vote:

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi—6.

Noes: Supervisors Barbagelata, Kopp, Molinari, Tamaras, von Beroldingen—5.

Supervisor Boas thereupon continued his presentation, during which Supervisor Gonzales rose and moved rescission of the foregoing vote. Supervisor Kopp seconded the motion.

Supervisor Gonzales' motion was ruled out of order by the Chair, since Supervisor Boas had the floor and Supervisor Gonzales had not been recognized by the Chair, nor had Supervisor Boas relinquished the floor.

Upon the conclusion of Supervisor Boas' statement, the matter was in the hands of the Board for general discussion.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved, as an amendment of the pending motion, that the matter be referred to a Joint Finance and Governmental Services Committee for further consideration.

Discussion ensued.

Motion to refer to Joint Finance and Governmental Services Committee adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Molinari, Tamaras, von Beroldingen—7.

Noes: Supervisors Boas, Francois, Mendelsohn, Pelosi—4.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Passed for Second Reading as Amended

The following recommendation of Fire, Safety and Police Committee, heretofore considered, was taken up:

Ordinance adding Section 636 to the Police Code, regulating the conduct of garage sales.

File No. 296-71, Ordinance No.

Supervisor Kopp called attention to the provisions of Sections 114 and 309 of the City Planning Code. He said that the law as presently written states that it is illegal to conduct a garage sale in a residentially-zoned district; therefore subject proposal serves no purpose.

Motion to Continue Consideration

Supervisor Barbagelata, seconded by Supervisor Molinari, moved that consideration be continued to June 19, 1972, and that a communication be directed to the City Attorney, asking if the law is clear as to the conduct of a business in residentially-zoned properties under Section 114 of the City Planning Code.

Motion to Refer to Committee

Supervisor von Beroldingen said that she had not been aware that there are criminal penalties for violation of provisions of the City Planning Code. She said that, possibly, correct procedure lies in amending the City Planning Code to clarify what is meant by "stock in trade."

Supervisor von Beroldingen, seconded by Supervisor Barbagelata, moved re-referral to Governmental Services Committee.

Motion to Amend

Supervisor Feinstein, seconded by Supervisor Mendelsohn, moved amendment as follows: Page 1, line 11, after "one such garage sale" add "at the same location".

The foregoing motion to amend was ruled out of order by the Chair since there is a pending motion to refer to committee.

The roll was thereupon called on the motion to refer to committee.

Motion to refer refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Gonzales, Kopp, Molinari, von Beroldingen—5.

Noes: Supervisors Boas, Feinstein, Francois, Mendelsohn, Pelosi, Tamaras—6.

ROLL CALL FOR THE PRESENTATION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE

Referred to Committee

Charter Amendment, amending Sections 8.423 and 8.428 to provide for gradual assumption by the City and County of a larger portion of costs of membership in the Health Service System for employees of the City and County, and related matters.

Supervisors Barbagelata, Kopp, von Beroldingen presented:

File No. 340-72.

Referred to Legislative and Personnel Committee.

Comments

Recent decision of Board of Permit Appeals.

Supervisor Barbagelata commented on a recent decision of the Board of Permit Appeals in which he said that Board had denied

persons the right to operate a restaurant in San Francisco because members of the Board thought that wages paid to employees were below those paid union members employed to perform like services. Supervisor Barbagelata was critical of the action of the Board of Permit Appeals and said that while the Board of Supervisors cannot interfere with that Board's activities, it can sponsor a proposed Charter amendment restricting the activities of the Board of Permit Appeals. He invited comments by other Supervisors.

When his name was reached on roll call, Supervisor Francois said that he did not share Supervisor Barbagelata's views, that he felt the Board of Permit Appeals was following a longstanding policy of the Board of Supervisors and the San Francisco tradition of supporting the paying of living wages to workers. Supervisor Francois recalled that the Board of Supervisors had imposed on the operator of a restaurant at Yacht Harbor the requirement that union wages be paid to employees.

Suggestion

Golden Gate Bridge and Highway District sign giving population figures for San Francisco.

Supervisor Barbagelata suggested that the Golden Gate Bridge and Highway District might authorize the expenditure of funds to up-date the sign on the bridge showing the population of San Francisco.

Request Granted

Requesting City Attorney opinion with respect to effect of Proposition "O" on the June, 1972, ballot.

Supervisor Feinstein called Board members attention to the fact that the policy question on the June 6, 1972, ballot "Should Park and Potrero Police Stations be closed at this time?" had received an overwhelming negative vote by the electorate.

Supervisor Feinstein, joined by Supervisors Mendelsohn, Tamaras, and von Beroldingen, requested that a communication be directed to the City Attorney, asking if there is any means by which that substantial vote of the people might be transformed into a request or demand that the Police Commission reconsider its decision to close the stations in question.

No objection; *Clerk directed to comply.*

Requesting that Police Commission consider vote on Proposition "O" on the June, 1972, ballot.

Supervisor Mendelsohn, joined by Supervisors Feinstein, Tamaras, and von Beroldingen, requested that a communication be directed to the Police Commission, pointing out the overwhelming vote in opposition to the closing of Park and Potrero Police Stations and expressing the hope that the Commission will consider that vote before considering the closing of any additional police stations.

No objection; *Clerk directed to comply.*

Referred to Committee

Requesting hearings on election procedures.

Supervisor Francois called attention to the fact that prior to the June, 1972, election he had requested that a committee of the Board hold hearings on the matter of replacement of worn-out voting machines. Supervisor Francois asked that the committee proceed with hearings on that question and on election procedures generally, since the voting machines presently in use are over forty years old.

Referred to Governmental Services Committee.

Referred to Committee

Resolution authorizing the Human Rights Commission to apply for and accept a Federal grant of \$50,000 for the purpose of increasing the number of Spanish-origin persons employed in Civil Service jobs.

File No. 185-72-2, Resolution No.

Supervisor Gonzales presented a copy of subject legislation which was referred this day by the President of the Board to Finance Committee. He stated that this is a matter in which he has been interested for some time.

Request Granted

Requesting information with regard to lease of a motor vehicle for the Mayor.

Supervisor Kopp referred to a recent newspaper article reporting that a new Cadillac limousine would be rented by the Mayor's office with surplus funds transferred from budgeted accounts of the San Francisco Citizens Charter Revision Committee.

Supervisor Kopp recalled that at the time the Board acted to terminate the activities of the Charter Revision Committee he had assured the Board that those funds would be returned to the taxpayers. Supervisor Kopp requested that a communication be directed to the Mayor, inquiring as to the procedure used in transferring funds from those appropriated to the Charter Revision Committee for the leasing of a vehicle for use by the Mayor.

No objection; *Clerk directed to comply.*

Announcement

Report of Charter Revision Committee.

Supervisor Kopp announced that the San Francisco Citizens Charter Revision Committee is in the process of preparing its final report as required by Board of Supervisors Resolution No. 94-72.

Request Granted

Requesting information relative to status of litigation pending against the Registrar of Voters.

Supervisor Kopp requested that a communication be directed to the City Attorney asking that Supervisor Kopp be informed as to the current status of litigation brought against the Registrar of Voters in the Federal District Court immediately prior to or on June 6 which resulted in the Court's order that the polls be kept open beyond the normal 8:00 p.m. deadline.

Supervisor Kopp stated that information from the Registrar of Voters indicates that approximately 64% of the registered voters cast ballots in San Francisco on June 6, as compared to 66% on a state-wide basis, which agrees with the usual trend which reflects that San Francisco's voting percentage normally is from three to five percent less than the state-wide average.

Supervisor Kopp added that he would like to know the City Attorney's opinion as to the effect of a decision in favor of the City and County in the event the litigation in question goes to trial on the merits: particularly, would the City and County be able to recover the additional expenses entailed in the conduct of the election, probably in excess of \$40,000.

No objection; *Clerk directed to comply.*

Referred to Committee

Urging the State Legislature to investigate the possibility of extending the senior citizens' property tax assistance to older citizens who have not yet reached the age of 62 but who have been retired due to disability and must live on a fixed income.

Supervisor Molinari presented:

File No. 12-72-14, Resolution No.

Referred to State and National Affairs Committee.

Motion that Rule 85 of the Board of Supervisors be amended to provide that recommendations by a committee of the Board to the full Board for action on a proposed measure shall be made through the chairman of the committee.

Supervisors Tamaras and von Beroldingen presented:

File No. 341-72.

Referred to Rules Committee.

Communication advising of meeting in opposition to the Watson Initiative Petition.

Supervisor Francois presented a communication from the San Francisco Unified School District, advising of a meeting on June

29, 1972, to explain the provisions of the Watson Initiative Petition and the adverse effect the proposal would have, if enacted, on city governments and school districts.

Referred to State and National Affairs Committee.

Communication requesting legislation prohibiting sidewalk peddlers.

Supervisor Francois presented a communication from Robert J. Goldstein, requesting legislative action prohibiting operations by itinerant sidewalk peddlers.

Referred to Fire, Safety and Police Committee.

Taken Up Out of Order**Adopted**

There being no objection, on motion of Supervisor Molinari, the following was taken up out of order:

(Supervisor Molinari dissenting in Committee.)

Resolution declaring intention to reimburse the Off-Street Parking Fund by July 1, 1973, for amounts transferred for construction of the Howard Street sewer.

File No. 201-72-4, Resolution No. 430-72.

Supervisor Molinari, seconded by Supervisor Feinstein, moved amendment as follows: line 20, after "bond sales" delete "or the general fund."

Supervisor Molinari, seconded by Supervisor Gonzales, then withdrew the foregoing motion and moved amendment as follows: line 22, after "lease revenue bonds" delete "or in any event, from general fund sources."

Discussion ensued.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved, as an amendment of the pending motion, amendment as follows: line 23, after "in any event, from" add "the sales tax account of the"; after "general fund" delete "sources."

Supervisor Gonzales, seconded by Supervisor von Beroldingen, moved, as an amendment of the pending motion, amendment as follows: line 23, after "in any event, from" add "the sales tax account of the"; after "general fund" delete "sources"; after "July 1, 1973" delete period and add ", said account to be repaid from the sale of revenue bonds when the proceeds are available."

Passed for Second Reading

(Supervisor Molinari dissenting in Committee.)

Ordinance appropriating \$2,700,000, Public Works, for relocation of the Howard Street sewer in Yerba Buena Center; rescinding appropriation of \$742,351.70, Off-Street Parking Fund, for land purchase and construction for neighborhood shopping districts.

File No. 201-72-3, Ordinance No.

Supervisor Molinari requested that the Journal of Proceedings reflect his statements regarding the use of real property taxes for relocation of the Howard Street sewer. He said that although the roll call will reflect his affirmative vote for the appropriation of funds for this project, it will also reflect his dissenting vote on

the resolution to effect repayment of the off-street parking fund.

Supervisor Molinari said that his negative vote was cast because it is his strong belief that the use of sales tax or other general fund money to repay the off-street parking fund could ultimately result in the necessity of using real property tax moneys for other vital projects. Thus, indirectly, real property tax funds would be used for relocating the subject sewer, which he believes should be funded entirely from the sale of the bonds which have been authorized for this project and not, however remotely, placed on the back of the already overburdened real property taxpayer.

Passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Boas, Francois, Mendelsohn—3.

Resolution determining and declaring that public interest and necessity require the submission of a bond issue in the

sum of \$39 million for improvement of the municipal water supply system.

(June 26, 1972 — Consideration continued to July 3, 1972.)

Motion to rescind adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Boas, Francois, Mendelsohn—3.

Supervisor Feinstein joined by Supervisors Molinari and Kopp, requested that a communication be directed to the Capital Improvement Advisory Board, asking that in the future the Board consider the effect of placing two like or similar bond issues on the ballot at the same time, especially bond issues of such magnitude as this \$39 million issue and the proposed \$25 million sewer improvement bond issue.

No objection; *Clerk directed to comply.*

Supervisor Kopp requested that the Journal of Proceedings reflect the fact that the file does not contain sufficient information to warrant his vote in favor of subject measure.

Supervisor Feinstein stated that she will vote in favor of putting subject measure on the ballot even though it does not, at this time, have her personal support. She asked that the Journal contain the foregoing statement.

Supervisor Tamaras urged passage.

Supervisor Kopp stated that under the difficult circumstances obtaining — deadline for action and the anticipation that a number of Supervisors will not be present on July 10 — he will vote in favor of subject measure. He added that his action will not be based on his judgment as to the propriety of subject resolution but on the fact that eight Supervisors will not be present on July 10.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Boas, Francois, Mendelsohn—3.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

(Financing agreement provides that principal amount of bonds shall not exceed \$2.8 million and that the San Francisco Unified School District will contribute the amount of \$500,000 to the Redevelopment Agency for deposit with the trustee in the construction fund.)

Supervisor Molinari presented a copy of a communication dated June 23, 1972, from the Chairman of the Senate Committee on Elections and Reapportionment to the Registrar of Voters relative to recent hearings on San Francisco election procedures.

Supervisor Molinari said that he takes great exception to the State Legislature's holding a hearing, telling San Francisco what is wrong and then going away. It appears that lack of available facilities for use by visiting film companies has caused San Francisco to miss a fine opportunity to be used as the locale for films.

Supervisor von Beroldingen stated that City Departments have all pledged cooperation in furnishing information to prospective film makers through the Convention and Visitors Bureau, and the Bureau has undertaken to act as a clearing house for disseminating required information.

Supervisor von Beroldingen requested that a communication be directed to the Real Estate Department, asking that an inventory be taken of suitable facilities such as vacant warehouses that might be made available for sound stage use and that consideration be given to the possibility of using the Palace of Fine Arts for this purpose.

Mr. Kenealey added that the office of the City Attorney has reviewed the order and the letter from Public Advocates, Inc., and the City At-

Passed for Second Reading

Ordinance approving and authorizing financing agreement and project lease between the City and County and the Redevelopment Agency for the Hunters Point South School within the Hunters Point Approved Redevelopment Project Area; authorizing City Attorney and Controller to decrease amount of rental schedule; authorizing Mayor to execute financing agreement and project lease.

File No. 113-72-2, Ordinance No.

(July 3, 1972—Consideration continued to July 17, 1972.)

Supervisor Kopp, seconded by Supervisor von Beroldingen, moved that consideration be continued to July 31, 1972, for response from the City Attorney to request of Board members that the City Attorney solicit an order from the United States District Court as to whether or not construction of subject school would be in compliance with Judge Weigel's order requiring desegregation of San Francisco schools.

Arthur F. Evans, representing the Redevelopment Agency, urged that action not be delayed.

In response to questions by Supervisor Gonzales, Deputy City Attorney Robert Kenealey stated that in his opinion there is no prohibition outstanding against approval of subject legislation by the Board of Supervisors.

Supervisor Kopp stated that he endorsed construction of subject school but that he felt the Board has a legal duty to obtain clearance from the United States District Court before proceeding.

Motion to continue consideration refused adoption by the following vote:

Ayes: Supervisor Kopp—1.

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Molinari, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Barbagelata, Mendelsohn—2.

Supervisor Kopp stated that he will vote against subject legislation because he feels that passage will violate Judge Weigel's findings and his court order. Supervisor Kopp cited figures on the racial composition of children in schools within redevelopment areas. He said that without the necessary court order, Board members have no assurance that more families will not be sacrificed to the existing monstrosity of a busing system.

Passed for second reading by the following vote:

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Molinari, Pelosi, Tamaras, von Beroldingen—8.

Noes: Supervisor Kopp—1.

The following presented by the Clerk was taken up:

Resolution fixing date of Monday, July 24, 1972, 2:00 p.m., for hearing the appeal from the decision of the City Planning Commission authorizing a conditional use to permit a planned unit development on property known as Playland at the Beach.

File No. 93-72-9, Resolution No. 442-72.

(The Director of Public Works has reported to the Board under date of July 12, 1972, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty percent of the area.

(The following are excerpts from City Attorney's Opinion No. 984, dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determination made as to whether the required twenty percent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty percent of the property affected . . . the Supervisors shall fix a time and place for hearing such objections . . . That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty percent has not been obtained . . . it cannot set a time and place for hearing.")

Supervisor Kopp, seconded by Supervisor Molinari, moved adoption.

Eugene A. Brodsky, attorney-at-law, representing appellant property owners and the Sutro Park Action Team, spoke in defense of the legal sufficiency of the appeal. A copy of Mr. Brodsky's remarks is contained in the file.

Deputy City Attorney Robert Kenealey advised the Board that the City Planning Code specifies what property is to be considered as "affected property": It is not only the area within 300 feet but also the property included within the application. Mr. Kenealey read from City Planning Code Section 308.1 and from City Attorney's Opinion No. 984.

Mr. Brodsky requested that the Board exercise its discretionary power today by reasonably interpreting the language of the Code to exclude the developer's property from the computation of the required twenty percent. He said that the Charter only speaks of owners of twenty percent of the property affected. The Planning

Code interpretation is unreasonable. Mr. Brodsky argued that the Board of Supervisors cannot deprive a property owner of a right given by the Charter.

Supervisor Pelosi called attention to the fact that the current City Attorney has not rendered a written opinion on the question of the interpretation of "affected property."

Supervisor Pelosi requested that consideration be continued to July 24, 1972, and that the City Attorney be asked to render a written opinion prior to that date as to the sufficiency of subject appeal.

Upon the Clerk's calling the Board's attention to the fact that next Monday, July 24, 1972, is the last day for which the Board can set the matter for public hearing, Supervisor Pelosi withdrew his request.

Supervisor Pelosi, seconded by Supervisor Kopp, thereupon moved amendment of the resolution setting date for public hearing to include a proviso that the matter will be heard if the City Attorney advises that the Board may legally proceed with said hearing.

In response to a question, the Clerk informed the Board that the City Attorney's consistent opinion has been to the effect that the report of the City Engineer is to be considered along with any communication on the subject on the part of the protestants and a determination made as to whether the required twenty percent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty percent of the property affected, the Supervisors shall fix a time and place for hearing such objections. That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty percent has not been obtained it cannot set a time and place for hearing.

Supervisor Francois stated that he felt the City Planning Code is so ambiguous in specifying the property affected that it should be tested in court. He urged that the Board set the appeal for hearing; if the developer wishes to challenge the Board's right to hear the appeal, he can go to court.

Supervisor Boas, seconded by Supervisor Francois, moved, as an amendment of the pending motion, that the Board adopt the resolution setting date of July 24, 1972, for public hearing of the appeal without any reference to receipt of a City Attorney's opinion.

Adopted by the following vote:

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Kopp, Molinari, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Barbagelata, Mendelsohn—2.

Supervisor Kopp made a statement to the effect that he wanted the Journal to reflect that had the previous question not prevailed he would have moved that the ordinance be finally passed with the further provision that the newly elected Board of Education make application to Judge Weigel for an order approving construction of the school, and that if either the Board of Education failed to do that or the Court disapproved the construction on the grounds that it would perpetuate racial imbalance, the ordinance could later have been rescinded.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE**Request Granted**

Requesting information as to whether patrons have received the benefit of the reduction in off-street parking tax.

Supervisor Barbagelata stated that he has received complaints that the reduction in the parking tax from twenty-five percent to ten percent has, in many cases, not been passed on to patrons by garage and lot operators. He requested that a communication be directed to the Parking Authority over his signature, asking that the Authority conduct a representative survey indicating which operators reduced parking prices by how much when the tax was reduced. He said that if the survey indicates that the public is not benefiting from the reduction, he will propose that the twenty-five percent tax be reinstituted.

Supervisor Gonzales suggested that a similar communication be directed to Internal Revenue Service, since it is his understanding that the Service, in response to complaints, has conducted an investigation of parking rates. Supervisor Barbagelata agreed.

File No. 431-72.

Supervisor Feinstein requested that the appropriate committee of the Board conduct hearings to review the overall remodeling program at San Francisco International Airport with a view toward possible legislation.

Supervisor Feinstein asked also that a communication be directed to the City Attorney, asking his opinion as to whether or not the fact that the Airport architects also accepted contracts from

Supervisor Gonzales requested that a communication be directed to the City Attorney, asking for an opinion as to whether it is legally permissible for such considerations and decision to be made by the Commission in nonpublic session, in view of the provisions of the Brown Act governing meetings of public agencies.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Referred to Committee

Resolution rescinding proposed resolution declaring a policy that the Board of Directors of the Golden Gate Bridge, Highway and Transportation District establish a minimum level of reserves in the sum of \$10,000,000 and declaring policy that said District should establish a prudent minimum of reserves.

Supervisor Boas presented:

File No. 385-72-1, Resolution No.

Supervisor Feinstein requested that the vote on the resolution declaring a policy for establishment of a minimum reserve in the sum of \$10,000,000 be rescinded so that she might change her vote thereon. The Clerk explained that such action must be taken at the time the roll has been called but before the result has been announced.

Supervisor Feinstein stated that the more she thought about the matter the more she felt that the figure of \$10,000,000 had no real basis in fact, that the members of the Board of Directors of the District should be able to elucidate policy for the District, and with that in mind, she would be happy to support Supervisor Boas' proposal.

Referred to Streets and Transportation District.

Request Granted

Requesting enforcement by Police Department of existing laws prohibiting excessive noise from motor vehicles.

Supervisor Feinstein, joined by Supervisor Kopp, requested that a communication be directed to the Chief of Police calling attention to the fact that local police have the authority to enforce limits of noise emissions from motor vehicles in accordance with the California Vehicle Code. Supervisor Feinstein said she—and she assumes other members of the Board—has had many complaints from the public about the noise from motorcycles, buses, automobiles, etc.; she asked that the Police Department present a program for enforcement of existing law for her review and that the Department consider enforcing the law in this respect as soon as possible.

No objection; *Clerk directed to comply.*

Referred to Committee

Requesting that the Rules Committee recommend appropriate changes in the procedure for notifying interested members of the public of hearings of the Board of Supervisors which will ensure that both sides of a question affecting legislation will be given notice of public hearings.

Supervisor Feinstein presented:

File No. 449-72.

Referred to Rules Committee.

Resolution endorsing the concept of maximum use of San Bruno Mountain in the County of San Mateo for open space.

Supervisor Feinstein presented:

File No. 448-72.

Referred to State and National Affairs Committee.

Adopted

Resolution authorizing attendance of a member of the Board of Supervisors at annual conference of the United States-Mexico Sister Cities Association.

Supervisor Francois presented:

File No. 47-72-8, Resolution No. 502-72.

Absent: Supervisor Molinari—1.

Request Granted

Requesting information relative to placement of “no parking” signs at restaurant entrances.

Supervisor Kopp, on behalf of himself and Supervisor Molinari, requested that a communication be directed to the Chief of Police, inquiring into facts and factors that go into granting authorization for placing “no parking” signs at entrances of restaurants in San Francisco. Supervisor Kopp said he observed several restaurants which, without authorization, place such signs outside their business. He would like to know what the criteria is for authorizing such signs.

No objection; *Clerk directed to comply.*

Requesting information relative to Recreation and Park Commission lease for placement of coin-operated bicycle racks at various locations in Golden Gate Park.

Supervisor Kopp referred to a lease that has come to his attention between the Recreation and Park Commission and a private operator for placement of coin-operated bicycle racks at various locations in Golden Gate Park.

Supervisor Kopp requested that a communication be directed to the Recreation and Park Commission, asking whether there were any competitive bids sought; is the City's share of the profits the best that could be negotiated; is the fee proposed to be charged reasonable; was there any investigation of the possibility of the City's installing such racks; is there any assurance that placement of the rack will not obstruct entrances to the places of interest at which they are proposed to be located?

Supervisor Kopp observed that the proposed bicycle ordinance

provides that riders must use racks when such are provided. He wondered if the Board can make people pay for parking their bicycles or—if the answer is affirmative—whether the Board wishes to do that.

No objection; *Clerk directed to comply.*

Requesting status report on proposed rule that the Board will not approve long-term leases which have not been the subject of competitive bid.

Supervisor Kopp requested a report on the status of File 204-72, his request that the Rules Committee formulate for Board consideration a policy rule that the Board will not approve any long-term leases which have not been the subject of competitive bid procedures.

No objection; *Clerk directed to comply.*

Requesting distribution of City Attorney opinion relative to effect of policy resolutions of the Board of Supervisors.

Supervisor Kopp stated that he had been informed that one of the members of the Golden Gate Bridge, Highway and Transportation District had announced that he does not consider resolutions of the Board of Supervisors enunciating policy with respect to the District to be binding on him.

Supervisor Kopp requested that a copy of the City Attorney's opinion to the effect that such resolutions are binding on all District members representing San Francisco be distributed to all San Francisco representatives on the District Board who are not members of the Board of Supervisors.

No objection; *Clerk directed to comply.*

No objection; *Clerk directed to comply.*

Supervisor Kopp moved that the privilege of the floor be granted for three minutes to a representative of a citizens group favoring reopening of the police stations. On objection by Supervisor Barbagelata, motion was refused adoption.

In response to a question by Supervisor Feinstein, Deputy City Attorney Stark advised that subject proposal may be ordered submitted today without the Board's having a statement from the Controller as to cost and effect on the tax rate but that it would be incumbent on the Controller to submit such a statement to the Registrar of Voters in time to have the statement appear in the voters' pamphlet.

Ayes: Supervisors Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—6.

Noes: Supervisors Barbagelata, Boas, Feinstein, Kopp, Molinari—5.

Supervisor Barbagelata asked if he must vote on the tax rate. Deputy City Attorney Stark stated that it is a duty of the Board

of Supervisors to adopt a tax rate. He said that Supervisor Barbagelata, by proposing his amendment, had made his position clear but that each Supervisor has a duty to cast an affirmative vote on the ordinance setting the tax rate.

Supervisor Molinari, seconded by Supervisor Kopp, moved that the Board recess for two hours for dinner.

Motion to recess refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Kopp, Molinari—4.

Noes: Supervisors Barbagelata, Kopp, Molinari—3.

Supervisor Gonzales, seconded by Supervisor Mendelsohn, moved rescission of the vote whereby the tax rate ordinance was passed for second reading.

Supervisor Mendelsohn asked if members of the Board as a whole were in jeopardy or derelict in duty by reason of not voting unanimously in favor of establishing the tax rate.

Deputy City Attorney Stark stated that in his opinion members of the Board are in no personal jeopardy; the ordinance is passed for second reading.

Supervisor Gonzales thereupon withdrew his motion to rescind.

Supervisor Kopp requested a ruling by the Chair on whether or not subject item was passed for second reading.

At the request of the Chair, Deputy City Attorney Stark stated that he had given his verbal opinion that a unanimous vote should be recorded; however, certain members apparently did not accept that opinion. Mr. Stark said that it is up to a majority of the Board to decide whether they wish to proceed until a unanimous vote is recorded.

Motion to Recess

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that the Board recess for two hours for dinner.

Motion to rescind adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Supervisor Kopp, seconded by Supervisor Barbagelata, moved reduction of the tax rate by seven cents, making a total combined rate of \$12.52.

In response to a request for advice by the Chair, Deputy City Attorney Stark quoted Charter Section 6.208, which reads as follows. "On or before the 15th day of September of each year, the board of supervisors by ordinance shall levy a tax, the estimated proceeds of which, together with the total amount of receipts and revenues estimated to be received from all sources, will be sufficient to meet all appropriations made by the annual appropriation ordinance."

Mr. Stark said that the Board, in passing the proposed amendment of the Annual Appropriation Ordinance, locked itself into adoption of a tax rate of \$12.59, since that is the tax rate necessary to raise the amount of revenue which, together with other revenue, will be sufficient to meet all the appropriations of that ordinance. If the Board wishes to change the tax rate it must first amend further the Annual Appropriation Ordinance.

Supervisor Francois, seconded by Supervisor Molinari, moved that consideration be postponed temporarily so that the Board might reconsider the Annual Appropriation Ordinance.

No objection; *motion adopted*.

Withdrawn**Motion to Rescind Passage for Second Reading**

There being no objection, on motion of Supervisor Francois, the following, heretofore considered and passed for second reading as amended, was taken up:

Supervisor Francois, seconded by Supervisor Barbagelata, moved rescission of Board action passing subject legislation for second reading.

Supervisor Francois explained that his motion was made for the purpose of giving anyone who desired to do so the opportunity to offer further amendments.

Supervisor Kopp stated that he did not agree that it was necessary to amend subject legislation in order to reduce the tax rate.

Supervisor Francois thereupon withdrew his motion to rescind action passing for second reading.

Noes: Supervisors Boas, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—7.

Supervisor Molinari requested that the record reflect the fact that his negative vote on subject motion last week and this week has nothing to do with Mr. Hanlon as an individual but is the result of his belief that the Chamber should be used only for meetings of the Board and committees of the Board.

Supervisor Molinari went on to say that he resents the implication in the article which appeared in THE RECORDER that his sponsorship of the amendment of Rule 89, Use of Legislative Chamber, had been directed against Mr. Hanlon and asked that a communication be directed to the Editor of THE RECORDER clarifying the fact that the amendment of the rule had been introduced some time prior to receipt of the request for use of the Chamber by Mr. Hanlon.

Supervisor von Beroldingen requested that the letter to the editor state that she had supported Supervisor Molinari and will continue to do so because of difficulties she had experienced in obtaining use of the Chambers several hours prior to the conduct of an induction ceremony scheduled to be held there.

As the result of an inquiry by Supervisor Kopp, Supervisor Francois requested that, if permission should be granted, Mr. Hanlon be advised of the Board's requirement that the Chambers be restored to the condition in which they were found by a reasonable time prior to 2:00 p.m.

No objection; *Clerk directed to comply.*

There being no objection, on motion by Supervisor Kopp the rules were suspended and the following off-calendar matter was taken up out of order:

Requesting Registrar of Voters to perform all acts which he may legally perform to cause the affirmative ballot argu-

ment for Proposition "K" to be reprinted, listing all additional endorsers, and cause same to be mailed to each registered voter of the City and County of San Francisco.

File 60-72-6.

Supervisor Kopp explained that during the past week it had been discovered that the affirmative ballot argument on Proposition "K" had been omitted from the voters' handbook. That problem had been solved. However, it has now been brought to the Board's attention that by reason of another inadvertence, the list of endorsers of Proposition "K" failed to include some fifteen or more associations and individuals who had properly notified the Clerk of the Board of their endorsement prior to September 22, 1972.

Supervisor Kopp, seconded by Supervisor Feinstein, moved that the Board adopt a resolution which had not as yet been prepared which would request the Registrar of Voters to cause the entire ballot argument to be reprinted with the full list of endorsers.

Upon objection by Supervisor Francois, Supervisor Kopp withdrew his pending motion and moved instead, seconded by Supervisor Feinstein, that the Clerk be directed to send a communication to the Registrar of Voters asking that he do the acts outlined above and that the Board of Supervisors go on record declaring that it will consider favorably any request for supplemental appropriation to cover costs attendant upon the above action.

Upon objection by Supervisor Francois, Deputy City Attorney Stark stated that he believed such a declaration on the part of the Board of Supervisors should properly be accomplished by resolution adopted by the Board.

Supervisor Kopp thereupon withdrew his pending motion.

Supervisor Kopp, seconded by Supervisor Feinstein, moved that the Clerk of the Board be directed to send a communication to the Registrar of Voters requesting that he perform all acts which he may legally perform to cause the affirmative ballot argument for Proposition "K" to be reprinted, listing all additional endorsers, and cause same to be mailed to each registered voter of the City and County of San Francisco.

Supervisor Francois objected on the ground that by such action the Board would be expressing policy, which should more properly be the subject of a resolution. He asked for a ruling by the City Attorney.

Deputy City Attorney Stark stated that he believed this question is more properly a matter for the President of the Board to rule on.

Acting Chairman Robert H. Mendelsohn thereupon ruled that the motion and requested letter are in order and the subject is properly before the Board.

Supervisor Francois stated that he will not look favorably upon

any request for supplemental appropriation to cover the cost of such action on the part of the Registrar of Voters. He said that he objects to being placed on record as taking a position without the opportunity of having a public hearing on this matter, that this is the first time since he has been a member of the Board that a matter of this substance has been disposed of by motion.

Supervisor Molinari subscribed to Supervisor Francois' comments. He added that he would want to know how much such reprinting and mailing will cost the taxpayers before he votes.

In response to questions by Supervisor Molinari and Supervisor Tamaras as to cost of suggested action, Registrar of Voters Emmery Mihaly stated that he believes his estimate of under ten thousand dollars is close, that if the ballot argument is to be reprinted and mailed to the voters prior to November 7, 1972, he must act today.

Supervisor Barbagelata, seconded by Supervisor Molinari, moved that consideration be postponed temporarily.

Motion to postpone adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Francois, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisor Feinstein—1.

Absent: Supervisor Gonzales.

Presentation of Certificate of Honor

There being no objection, on request of Supervisor Feinstein, she presented to Lester Dixon the certificate of honor awarded the Ghetto Youth Movement by the Board of Supervisors for their fine work in providing recreational and social activities to young people, particularly in the Western Addition community.

The Board thereupon commenced consideration of Calendar items.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Gonzales—1.

Resolution fixing date of Monday, October 30, 1972, at 2:00 p.m. for hearing appeal from decision of the City Planning Commission authorizing conditional use of property of the Ralph K. Davies Medical Center fronting on Fourteenth Street for operation of an emergency helicopter service for a period of six months.

File No. 93-72-13, Resolution No. 662-72.

(The City Engineer has reported to the Board under date of October 16, 1972, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal and it has been found that they represent less than the necessary twenty percent of the area.

(The following are excerpts from City Attorney's Opinion No. 984 dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determi-

nation made as to whether the required twenty percent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty percent of the property affected . . . the Supervisors shall fix a time and place for hearing such objections . . . That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty percent has not been obtained . . . it cannot set a time and place for hearing.)

Supervisor Kopp, seconded by Supervisor Francois, moved adoption.

In response to a question by Supervisor Kopp, Herman Beneke, representing the City Engineer, stated that if the property owned by the hospital were excluded from the computation, signatures on the petition would represent thirty percent of the affected property.

Deputy City Attorney Robert Kenealey advised the Board that he understands that an environmental impact report has not been filed on this proposed development. The conditional use permit would have no force and effect until an environmental impact statement is prepared and a public hearing on that statement held by the City Planning Commission prior to its consideration of the application for a conditional use permit. Mr. Kenealey cited the decision of the California Supreme Court in the case of Friends of Mammoth versus the Board of Supervisors of Mono County in which the requirements of the Environmental Quality Act of 1970 were applied to a local governmental body in its exercise of licensing-type authority over private activities.

After discussion by Board members, Deputy City Attorney Kenealey stated that if the Board, after reviewing the testimony of the City Engineer, determines that the appeal contains signatures of persons owning more than twenty percent of the affected property when the property which is the subject of the appeal is excluded, that would be a proper finding, since the Superior Court upheld the Board action when it found sufficient under the same circumstance, the appeal from the decision of the City Planning Commission authorizing a conditional use of property known as Playland at the Beach.

Supervisor Kopp requested that a communication be directed to the City Attorney asking for his opinion as to the force and effect of the conditional use permit granted by the Commission in view of the decision in the case of Friends of Mammoth versus Mono County. No objection; Clerk directed to comply.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Gonzales—1.

Public Hearing Suspended

Hearing of appeal from decision of the City Planning Commission authorizing conditional use of property of the Ralph K. Davies Medical Center fronting on Fourteenth Street for operation of an emergency helicopter service for a period of six months.

File No. 93-72-14.

In response to a question by Supervisor Francois, Deputy City Attorney Robert Kenealey quoted from City Attorney's opinion dated October 30, 1972, on the question of the jurisdiction of the Board of Supervisors to hear appeal on conditional use where environmental impact report was not filed prior to Planning Commission action, as follows: "Obviously, the Board of Supervisors, if they decided to hear the matter and disapprove the action of the City Planning Commission, could do so without the filing of an environmental impact report. If the Board, in the exercise of its discretion, determines that they would approve the granting of the conditional use, they should refer the matter back to the City Planning Commission for hearing of an environmental impact report before the conditional use is acted upon again. If the Commission decided to approve the conditional use after an environmental impact report has been filed and considered by the Commission, a further appeal could be directed to the Board of Supervisors under the applicable provisions of the City Planning Code and City Charter."

In response to a question by Supervisor Kopp, Mr. Kenealey stated that, if the Board wished this matter to be heard again by the City Planning Commission without a one-year waiting period, the Board could amend the resolution of disapproval on the basis that the action is taken because of the court action of Friends of Mammoth versus Mono County Board of Supervisors. The Planning Commission could then require and consider a report on the environmental impact of the proposed conditional use prior to acting on the question of granting or denying the conditional use. After these actions, the appellants would have the right to file an appeal with the Board of Supervisors.

In accordance with advice of Deputy City Attorney Kenealey, Supervisor Kopp, seconded by Supervisor von Beroldingen, moved that the public hearing on subject appeal be suspended because of Board's intention to rerefer this matter to the City Planning Commission.

Motion to suspend public hearing adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Molinari, Pelosi, Tamaras, von Beroldingen—11.

Supervisor Gonzales, seconded by Supervisor Molinari, moved amendment as follows: Add at end a paragraph reading, "Further Resolved, That the Board of Supervisors does hereby declare that its action in disapproving the decision of the City Planning Commission is based solely on the recent decision of the California Supreme Court in the action entitled "Friends of Mammoth, et al., v. Mono County Board of Supervisors" (8C3dl).

Taken Up Out of Order

Adopted

Motion that contractor be requested to suspend building construction on Everson Street within the Approved Diamond Heights Redevelopment Project Area.

There being no objection, on motion by Supervisor Barbagelata, the rules were suspended and the privilege of the floor was granted Gordon MacDonnell, a resident of Everson Street.

Mr. MacDonnell referred to Resolution No. 645-72, adopted by the Board on October 10, 1972, by which the Board declared its intention to approve a supplemental appropriation request of the Department of Public Works for funds adequate to increase the width of roadway of Digby and Everson Streets.

Mr. MacDonnell stated that Alpha Land Company, which is building homes on Everson Street, has this week begun to pour foundations which will make impossible the widening of the roadway to twenty-eight feet.

In response to a question by Supervisor Mendelsohn, Director of Public Works Tatarian stated that the only way Everson Street can be widened to twenty-eight feet is by a taking of property by the City and County, and the Director of Property has said that the cost of such a taking would be substantial. Mr. Tatarian said the contractor's construction is predicated on a twenty-six foot roadway and a four-foot sidewalk, that he understood that the contractor is giving the City an easement of four feet.

In response to statements by Supervisor Barbagelata, Mr. Tatarian said that a twenty-six-foot roadway with parking permitted on one side of the street only would be ample for all purposes, and that he had written to the Board last Friday recommending that the Board approve a twenty-six-foot roadway with parking restricted to one side of the street only. Supervisor Francois, Chairman of Fire, Safety and Police Committee, indicated that the committee would be willing to consider parking regulations on Everson Street at the next meeting on November 9, 1972.

Supervisor Kopp, seconded by Supervisor Barbagelata, moved that a communication be delivered to the contractor this day, asking him to defer further construction on sites on Everson Street until the Board of Supervisors has had an opportunity to resolve the problem existing with respect to the width to which Everson Street is to be widened.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Gonzales, Kopp, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Molinari—2.

The Board thereupon commenced consideration of Calendar items.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE

Referred to Committee

Ordinance amending the Housing Code by deleting reference to convents, monasteries, etc. from Section 104, defining “apartment house” or “hotel.”

Supervisor Barbagelata presented:

File No. 510-72, Ordinance No.

Referred to Health and Environment Committee.

Called Out of Committee

Resolution endorsing and recommending enactment of AB 1710, making provisions on wages, hours, and working conditions now applicable to adult women also applicable to adult men on and after January 1, 1973.

Supervisor Feinstein announced that she was calling out of State and National Affairs Committee:

File No. 12-72-25, Resolution No.

No objection; *Clerk directed to calendar matter for Board consideration on November 13, 1972.*

Referred to Committee

Ordinance creating Underground District No. 303 on certain streets in the Russian Hill Area.

Supervisor Feinstein presented:

File No. 37-72-3, Ordinance No.

Referred to Governmental Services Committee.

Request Granted

Requesting preparation of legislation opposing use of helicopters for construction purposes.

Supervisor Feinstein referred to press reports during the past week about the concern caused patients and staff at Mt. Zion Hospital by the noise created by a helicopter being used to put construction material in place at a site near the hospital.

Supervisor Feinstein requested that a communication be directed to the City Attorney, asking him to prepare for her review and introduction, appropriate legislation which would indicate San Francisco's opposition to the use of helicopters for construction purposes unless conventional equipment is not possible or in the event that the public safety and welfare is benefited by such use.

No objection; *Clerk directed to comply.*

Referred to Committee

Requesting preparation of legislation which would provide for limited involvement by the City and County in the granting of permits to use helicopters for construction purposes.

Supervisor Francois requested that a communication be directed to the City Attorney, asking that he prepare for committee consideration, proposed legislation which would provide for limited involvement by the City in the granting of permits to use helicopters over City streets and buildings, such as approval of dates, times, and effect on surrounding communities, with more technical aspects continued under the jurisdiction of State and Federal agencies so that the City does not need to hire experts to determine whether a given helicopter is capable of doing a particular job.

Referred to Streets and Transportation Committee.

Communication from Department of Public Works, recommending that parking be prohibited at all times on the east side of Everson Street from Digby Street near the intersection of Addison Street and Digby Street to a point approximately 520 feet south.

Supervisor Francois presented:

File No. 20-72-54.

Referred to Fire, Safety and Police Committee with the request that matter be heard on November 9, 1972.

Request Granted

Requesting preparation of legislation which would provide for attachment of a lien on real property for nonpayment for water service.

Supervisor Kopp requested that a communication be directed to the City Attorney, asking that he prepare legislation which would provide by operation of law for attachment of a lien on real property superior to all other liens which might be in existence, sixty days after nonpayment of a water bill.

Supervisor Kopp stated that the purpose of the ordinance would be to allow tenants to continue to receive water even though the property owner has not paid his bills. At the same time the City's charges would be collectible. This would stop the practice of shutting off water service in units where tenants are not at fault for nonpayment and at the same time would help the Water Department, which writes off a great deal on uncollectible bills each year.

No objection; *Clerk directed to comply.*

Referred to Committee

Requesting that appropriate committee consider the advisability of designating the intersection of Octavia and Fulton Streets as a four-way stop intersection.

Supervisor Molinari presented:

File No. 20-72-55.

Referred to Fire, Safety and Police Committee.

Requesting that appropriate committee hold hearings on results of study and examination by Main Lafrentz & Co. of various departments of the City and County pursuant to supplemental contract related to annual audit of the Office of the Controller for the year ended July 30, 1972.

Supervisor Molinari presented:

File No. 95-72-1.

Supervisor Molinari called attention to the comment in subject report to the effect that procedures should be established to document recommendations by the auditors in such a way as to indicate that they have been implemented, or if not, the reasons therefor. In response to a question by Supervisor Molinari, Controller Nathan Cooper indicated that his office is able to handle this matter internally and that legislative action by the Board of Supervisors is not indicated at this time. Supervisor Molinari requested that he be informed after December 15, 1972, as to whether the Controller can continue to handle this matter internally. Mr. Cooper indicated he would do so.

Referred to Finance Committee.

Communication from Chamber of Commerce, proposing study by the Metropolitan Transportation Commission jointly with the City, State Division of Highways, and the Golden Gate Bridge, Highway and Transportation District of solutions to the problem of vehicular traffic between the Golden Gate Bridge and downtown San Francisco.

(Supervisors Kopp, Pelosi, Francois, Tamaras)

File 70-72-2, Resolution No.

Supervisor Feinstein expressed her concern about spending what she said could amount to a hundred thousand dollars for this purpose because maintenance of this land as open space has a very low priority in terms of other open space and recreational needs of the people of San Francisco.

In response to a question by Supervisor Feinstein, Deputy City Attorney Robert Kenealey stated that subject resolution does not protect the rights of the purchasers of Lots 1 and 9, Block 7524.

In response to questions by Supervisor Feinstein, Melvin C. Urey, Assistant to the Executive Director, Redevelopment Agency, stated that the Agency would be happy to confer with the two property purchasers in an attempt to work out alternatives acceptable to them. Mr. Urey added that the Agency does not object to retention of these lots as open space, provided the two purchasers are protected; in the opinion of the Agency, construction of the lots does not in any way damage the canyon.

Supervisor Feinstein, seconded by Supervisor Molinari, moved that consideration be continued to December 4, 1972, and that the Redevelopment Agency be requested to meet with purchasers of the lots in question to see what specific arrangements can be worked out in terms of alternative sites and in terms of giving the Board some indication of costs involved.

File 109-72-9, Ordinance No.

Request Granted

Requesting communication to Airports Commission expressing disapproval of proposed contract with United Airlines which would prevent allocation to the General Fund of airport landing fees.

Supervisor Gonzales expressed his concern at newspaper reports that James K. Carr, Director of Airports, had attempted to consummate contractual arrangements with United Airlines in a manner which would prevent landing fees from being allocated to the General Fund of the City and County, particularly in view of the fact that the Finance Committee had made it clear that it intended to promote contract provisions which would assure reversion of airport revenues to the General Fund for assistance to San Francisco's taxpayers.

Supervisor Francois suggested that the Finance Committee might wish to consider this matter further in committee. Supervisor Feinstein pointed out that the City Attorney has already ruled that such a contract would be illegal so that the issue is already settled.

Resolution approving Memorandum of Understanding between the Mayor, Fire Commission, and Fire Fighters Union, Local 798, relating to ((employment conditions,)) *union recognition, grievance and impasse procedures, and a non-strike agreement.*

File 188-70-2, Resolution No.

Supervisor Feinstein presented amendments to the Memorandum of Understanding initialled as approved this day by parties to the Memorandum.

Supervisor Feinstein, seconded by Supervisor Francois, moved amendment of subject legislation as follows: Starting on line 10, delete "now, therefore, be it resolved that this Board of Supervisors does hereby approve said Memorandum of Understanding." and add "; and Whereas, On December 11, 1972, the aforesaid parties executed an amendment to said Memorandum of Understanding, which said amendment is also on file in the Office of the Clerk of the Board of Supervisors; now, therefore, be it Resolved, That this Board of Supervisors does hereby approve said Memorandum of Understanding dated September 14, 1972, as amended December 11, 1972." Amend title to read "Approving Memorandum of Understanding between Fire Fighters Union, Local 798, the Mayor and the Fire Commission, relating to union recognition, grievance and impasse procedures, and a non-strike agreement."

In response to questions by Supervisor Kopp, Deputy City Attorney Milton Mares advised that the terms of the Memorandum of Understanding as amended this day would still constitute an unlawful delegation of legislative power by the Board of Supervisors. He added that he believed the Fire Fighters Union would have a cause of action against the City and County for breach of contract if the Board of Supervisors did not agree to appropriate funds to implement a decision arrived at by an arbitrator and that the City Attorney would be hard-pressed to claim that the City had acted in good faith.

Mr. Mares said that the City Attorney believes that the only way binding compulsory arbitration can be implemented is by means of a Charter amendment approved by the voters.

Supervisor Kopp, seconded by Supervisor Barbagelata, moved amendment of the Memorandum of Understanding by deleting Section 4 thereof. He said that if this motion to amend is adopted he would then move to amend subject legislation accordingly and upon passage of that amendment he would be prepared to support the legislation.

**ROLL CALL FOR THE INTRODUCTION OF MEASURES
AND COMMUNICATIONS NOT CONSIDERED OR RE-
PORTED UPON BY A COMMITTEE**

Request Granted

Requesting information relative to the possibility that the building program at San Francisco General Hospital will result in an excess of hospital beds at that institution.

Supervisor Barbagelata said that he has been critical of the building program at San Francisco General Hospital because he believes that the program will result in an excess of hospital beds and that he feels those persons in need should be accommodated in private hospitals. Supervisor Barbagelata said that there had been a disturbing report in the press yesterday in which the General Accounting Office was reported to have said that six major cities in the United States would have excess hospital beds and that more beds are needed in skilled nursing facilities.

Supervisor Barbagelata requested that a communication be directed to the Chief Administrative Officer asking him to furnish a report on the status of the building program at San Francisco General Hospital: completion date and the possibility of hospital beds being in excess of need upon completion.

No objection; *Clerk directed to comply.*

Referred to Fire, Safety and Police Committee.

Statement relative to press reports of an increase in toll on the Golden Gate Bridge.

Supervisor Molinari commented on a press report about a possible increase of toll on the Golden Gate Bridge to seventy-five cents. Supervisor Molinari stated that there has been no discussion by representatives on the Golden Gate Bridge, Highway and Transportation District about an increase in tolls and that he intends to question the General Manager of the District about the news item when the Board meets next Thursday. Supervisor Molinari added that this kind of statement does not work to the advantage of the Bridge District, but rather works to its detriment.
